**REPORT AND ORDER
(Proceeding Terminated)**

Adopted: December 14, 2005

Released: December 16, 2005

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a *Notice of Proposed Rule Making*¹ issued at the request of Victoria RadioWorks, Ltd. (“Petitioner”), licensee of Station KEPG(FM), Channel 265A, Victoria, Texas, requesting the substitution of Channel 265C3 for Channel 265A at Victoria, and the modification of Station KEPG’s license accordingly. To accommodate Station KEPG’s upgrade, Petitioner requested the deletion of vacant Channel 265A at George West, Texas. Petitioner filed comments, stating its continuing interest in pursuing the allotment, and its intention to apply for a construction permit. A counterproposal was filed by M.C. Vargas (“Vargas”) proposing to allot Channel 265A at Three Rivers, Texas² but Vargas subsequently filed a “Withdrawal of Counterproposal.”

2. We dismiss Vargas’s counterproposal pursuant to his withdrawal request. It is the Commission’s policy to refrain from making an allotment to a community absent an adequate expression of interest. Vargas’s withdrawal request complies with Section 1.420(j) of the Commission’s rules.³

3. We grant Petitioner’s request to substitute Channel 265C3 for Channel 265A at Victoria. We believe that the channel upgrade will serve the public interest because it will enable Station KEPG, to expand its coverage area of Victoria, Texas. Channel 265C3 can be allotted to Victoria, Texas in compliance with the minimum distance separation requirements of the Commission’s rules at reference coordinates located 28-46-40 NL and 97-04-10 WL with a site restriction of 7.1 kilometers (4.4 miles) southwest of the community. We have received Mexican concurrence for this allotment. In addition, we delete vacant Channel 265A at George West, Texas from the FM Table of Allotments to accommodate the upgrade at Victoria.⁴

¹Victoria and George West, Texas, 18 FCC Rcd 4452 (MB 2003).

² The counterproposal was placed on Public Notice on August 26, 2003, Report No. 2624, (10775).
