**REPORT AND ORDER  
(Proceedings Terminated)**

**Adopted: December 14, 2005**

**Released: December 16, 2005**

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it the *Notices of Proposed Rule Making* in the above-captioned proceedings, setting forth two separate proposals to allot an FM channel to a specific community.<sup>1</sup> In the first proceeding, the allotment of Channel 289A at Caseville, Michigan, was proposed in response to a petition for rule making submitted by Charles Crawford (“Crawford”). In the second proceeding, the allotment of Channel 256A at Harbor Beach, Michigan, was proposed, also in response to a petition for rule making submitted by Crawford.

2. Crawford filed comments in both proceedings, restating his interest in the proposed allotment. In addition, counterproposals are pending in both proceedings. A counterproposal was filed by Edward Czelada (“Czelada”) in MM Docket Nos. 01-229 and 01-231, as well as in a number of other proceedings for allotments in the same vicinity.<sup>2</sup> As to MM Docket Nos. 01-229 and 01-231, Czelada proposes the allotment

<sup>1</sup> See *Hartshorne, Oklahoma, Mooreland, Oklahoma, Reydon, Oklahoma, Junction, Texas, Caseville, Michigan, Deckerville, Michigan, Harbor Beach, Michigan, Port Sanilac, Michigan, Alton, Missouri, and Firth, Nebraska*, 16 FCC Rcd 16,341 (MM 2001).

<sup>2</sup> See *Bad Axe, Michigan*, 18 FCC Rcd 2396 (MB 2003) (order terminating MM Docket No. 01-257); *Deckerville, Michigan*, DA 05-2916 (MB 2005) (rel. Nov. 4, 2005) (order terminating MM Docket No. 01-230); and *Port Sanilac, Michigan*, DA 05-2934 (MB 2005) (rel. Nov. 7, 2005) (order terminating MM Docket No. 01-232).

of Channel 267A at Caseville in lieu of Channel 289A, and the allotment of Channel 256A at Lexington, Michigan, in lieu of the allotment of that channel at Harbor Beach, Michigan. Czelada further proposes the allotment of Channel 289A at Harbor Beach in lieu of Channel 256A. In addition, a petition submitted by Katherine Pyeatt (“Pyeatt”) proposes the allotment of Channel 267A at Pigeon, Michigan, as a first local service. That allotment proposal is mutually exclusive with Czelada’s counterproposal to allot Channel 267A at Caseville, Michigan, and the proposal was submitted within the comment period for MM Docket No. 01-229. For those reasons, we shall consider Pyeatt’s proposal for the allotment of Channel 267A at Pigeon, Michigan, as a counterproposal in MM Docket No. 01-229.

3. Subsequent to the submission of Czelada’s counterproposal in these proceedings and Pyeatt’s petition for rule making, Crawford filed motions in MM Docket Nos. 01-229 and 01-231, seeking to dismiss his petitions for rule making. Crawford states that no consideration has been paid or promised, directly or indirectly, for such withdrawal.<sup>3</sup> It is the Commission’s policy to refrain from making an allotment to a community absent an adequate expression of interest. By filing his “Motion to Dismiss Petition,” Crawford has demonstrated that he has no continuing interest in the requested allotments, so we shall not consider the allotment of Channel 289A at Caseville, Michigan, nor the allotment of Channel 256A at Harbor Beach, Michigan. We are left, however, to consider the counterproposals of Czelada and Pyeatt.

4. In her petition for rule making, Pyeatt states that if Channel 267A is allotted at Pigeon, Michigan, as a first local service, she will apply for and construct facilities to provide service using that allotment. In his counterproposal, Czelada states his intention to apply for and build facilities for Channel 256A at Lexington, Michigan, but he does not express that intention with respect to Channel 267A at Caseville nor Channel 289A at Harbor Beach. We therefore will not consider the Caseville and Harbor Beach proposals.

5. Both Pigeon, Michigan, an incorporated village with a population of 1,207 persons, and Lexington, Michigan, an incorporated village with a population of 1,104 persons, are communities for allotment purposes. Pigeon is deserving of a first local aural transmission service, and Lexington is deserving of a second local aural transmission service. In MM Docket No. 01-229, Channel 267A can be allotted to Pigeon in compliance with the minimum distance separation requirements of the Commission’s Rules with a site restriction of 9.9 kilometers (6.2 miles) east of Pigeon at the following reference coordinates: 43-51-44 NL and 83-09-17 WL. Concurrence in this allotment is required because the proposed allotment is located within 320 kilometers (199 miles) of the U.S.-Canadian border. Although Canadian concurrence has been requested, notification has not been received. If a construction permit for Channel 267A at Pigeon, Michigan, is granted prior to receipt of formal concurrence by the Canadian government, the authorization will include the following condition: “Operation with the facilities specified herein for Pigeon, Michigan, is subject to modification, suspension, or termination without right to hearing, if found by the Commission to be necessary in order to conform to the Canada-United States FM Broadcast Agreement, or if specifically objected to by Industry Canada.”

<sup>3</sup> See 47 C.F.R. § 1.420(j).

6. In MM Docket No. 01-231, Channel 256A can be allotted to Lexington in compliance with the minimum distance separation requirements of the Commission's Rules with a site restriction of 11.9 kilometers (7.4 miles) north of Lexington at the following reference coordinates: 43-22-30 NL and 82-32-04 WL. The Canadian government has concurred in the proposed allotment of Channel 256A at Lexington, which is located within 320 kilometers (199 miles) of the U.S.-Canadian border.
