**COMMENTS INVITED ON APPLICATION OF ADVANCED TEL, INC. -  
CONSOLIDATED TO DISCONTINUE DOMESTIC  
TELECOMMUNICATIONS SERVICES**

**WC Docket No. 05-351**  
**Comp. Pol. File No. 734**

**Comments Due: January 13, 2006**

**Section 214 Application**

**Applicant: Advanced Tel, Inc. - Consolidated**

On **November 14, 2005, Advanced Tel, Inc. - Consolidated** (Advanced Tel or Applicant), located at **913 South Burnside Avenue, Gonzales, Louisiana 70737-4258**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services to a segment of customers located in Louisiana and Mississippi. By a letter filed November 23, 2005, Advanced provided additional information regarding its efforts to provide notice to customers possibly displaced by Hurricanes Katrina and Rita (November 23, 2005 Letter).

Advanced Tel states that it is a competitive local exchange carrier in Louisiana and Mississippi, and that it provides local exchange, digital subscriber line (DSL), long distance, and Internet service provider (ISP) services. Advanced Tel seeks to discontinue providing facilities-based competitive local exchange service, local exchange service provided through the resale of BellSouth's services, and DSL service to the remaining customers in Louisiana affected by this application no later than February 14, 2006 and no later than January 31, 2005 for those customers located in Mississippi.<sup>1</sup> Advanced Tel indicates, however, that it intends to continue to provide long distance service to customers in both states, and serve as an ISP for individuals who access the Internet through dial-up service in Louisiana. Advanced Tel states that the customers affected by the discontinuance proposed in this application are

<sup>1</sup> Advanced Tel previously filed a separate application to discontinue service to specified customers in Louisiana. See *Petition of Advanced Tel, Inc. - Consolidated To Discontinue Domestic Telecommunications Services*, Public Notice, WC Docket No. 05-344, DA-05-3193, (rel. December 14, 2005) (December 14, 2005 Notice). Advanced Tel further indicates that its subsidiary, TLX Communications, Inc., is also filing a separate application to discontinue service to certain other local exchange customers in Louisiana.

located in the following parishes in Louisiana: Acadia, Allen, Ascension, Assumption, Avoyelles, Beauregard, Bienville, Bossier, Caddo, Calcasieu, Catahoula, Claiborne, Concordia, De Soto East Baton Rouge, East Feliciana, Evangeline, Iberia, Iberville, Jackson, Jefferson, Jefferson Davis, Lafayette, Lafourche, Lincoln., Livingston, Madison, Morehouse, Natchitoches, Orleans, Ouachita, Plaquemines, Pointe Coupee, Rapides, Sabine, Saint Bernard, Saint Charles, Saint James, Saint Landry, Saint Martin, Saint Tammany, St. John the Baptist, Tangipahoa, Tensas, Terrebonne, Union, Vermilion, Vernon, Washington, Webster, West Baton Rouge, and West Feliciana. Advanced Tel further states that the customers affected by the second discontinuance proposed in this application are located in the following counties in Mississippi: Adams, Alcorn, Amite, Attala, Bolivar, Claiborne, Coahoma, Copiah, Desoto, Forrest, Franklin, Hancock, Harrison, Lowndes, Madison, Marion, Oktibbeha, Pearl River, Pike, Pontotoc, Rankin, Stone, Union, Walthall, Warren, Washington, Wilkinson, Winston, and Yalobusha. Advanced Tel asserts that it is a non-dominant carrier with respect to the services that it proposes to discontinue, and that the services are competitive in nature.

Advanced Tel states that, on October 11, October 13, October 20, and October 27, 2005, it provided written notification of the proposed discontinuance to customers in Louisiana, in accordance with the requirements of section 63.71(a) of the Commission's rules. In these notices, Advanced Tel informed customers of its intent to discontinue service on November 30, 2005. Advanced Tel further states that, on October 21, 2005, it provided written notification of the proposed discontinuance to customers in Mississippi, consistent with 63.71(a) of the Commission's rules. In the October 21, 2005 notices, Advanced Tel informed the customers in Mississippi of its intent to discontinue service on December 30, 2005. In the November 23, 2005 Letter, Advanced Tel also indicates, however, that it has taken additional steps to ensure adequate notice to all customers due to the effects of Hurricanes Katrina and Rita. Advanced Tel asserts that the U.S. Postal Service has established procedures to deliver mail to persons displaced by the hurricanes. Advanced Tel indicates that it sent notices informing affected customers that Advanced Tel's service is dependent upon BellSouth's downed facilities, and urging these customers to seek alternative carriers when they are able to return. Advanced Tel also states that it provided additional notice to hospitals, schools, and government agencies by U.S. Postal Service Priority Mail with Delivery Confirmation. Advanced Tel indicates that, as of November 21, 2005, it had received confirmation from all of these customers except for three medical facilities, two law enforcement facilities, and one school, and that a second letter was sent to these remaining customers via regular mail.<sup>2</sup> To the extent that these measures are deemed inadequate, Advanced Tel seeks a waiver of the notification requirement. Finally, Advanced Tel states that it has extended its planned discontinuance dates to February 14, 2006 for customers in Louisiana and January 31, 2006 for customers in Mississippi, in order to allow for a transition to alternative services.

We seek comment on Advanced Tel's proposed discontinuance of service, to the extent necessary, including the steps it has taken to notify and protect consumers unable to receive regular U.S. Mail service, in light of the notification procedures prescribed in section 63.71(a) of the Commission's rules. In accordance with section 63.71(c) of the Commission's rules, Advanced Tel's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Advanced Tel that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, Advanced Tel may terminate service on **February 14, 2006** for those customers in Louisiana and **January 31, 2006** for those

<sup>2</sup> These figures apply to both customers affected by the instant application and customers affected by the December 14, 2005 Notice.

customers in Mississippi. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.
