## **WIRELESS TELECOMMUNICATIONS BUREAU ACTION**

### **REGION 7 (COLORADO) 700 MHz PUBLIC SAFETY REGIONAL PLANNING COMMITTEE TO HOLD MEETING**

The Region 7 (Colorado) 700 MHz, 4.9 GHz and State Interoperability Executive Committee (SIEC) Public Safety Planning Committee announces that its next meeting will be held on Wednesday, August 23, 2006 at 10:00 a.m., at the State of Colorado Emergency Management Office located at 9195 East Mineral Avenue, Suite 200, Centennial, Colorado.

The agenda for the meeting includes:

- Discussion and work on the Region's 4.9 GHz Plan,
- Discussion and work on the 700 MHz SIEC plan (for administration of the 2.6 megahertz of interoperability spectrum), and
- Review and follow-up on current 700 MHz wideband/broadband proposals.

The Region 7 700 MHz/4.9 GHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in Colorado would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not conversant with telecommunications technology should ensure that their respective agencies are represented by suitably conversant staff.

All interested parties wishing to participate in the planning for the use of new Public Safety spectrum in the 700 MHz band or the newly allocated 4.9 GHz band within Region 7 are encouraged to attend. If you plan to attend this meeting, contact one of the "Planning Contacts" listed below.
