On July 10, 2006, the International Telecommunications Satellite Organization filed a petition that asks the Commission, pursuant to section 316 of the Communications Act, as amended (“Communications Act” or “Act”), to modify the space station licenses held by Intelsat for the use of certain orbital locations and associated radio frequency assignments.¹

Pursuant to international agreement, ITSO is the intergovernmental organization responsible for monitoring Intelsat’s adherence to certain “core principles” in providing international public telecommunications services.² The Petition states that ITSO is requesting

See also 47 U.S.C. § 316 (modification of licenses by the Commission to promote the public interest, convenience, and necessity or fuller compliance with the Act or with any treaty ratified by the United States).

² See Agreement Relating to the International Telecommunications Satellite Organization, as Amended by the Twenty-Fifth (Extraordinary) Assembly of Parties in Washington, D.C. (Nov. 17, 2000) (“ITSO Agreement”), available at http://216.119.123.56/dyn4000/dyn/docs/ITSO/tpl1_itso.cfm?location=&id+5&link_src=HPL&lang=english. June 19, 2006) (“*Intelsat-PanAmSat Order*”) at ¶¶ 53-68. In the *Intelsat-PanAmSat Order*, the Commission deferred consideration of ITSO’s earlier request for modification of the Intelsat licenses to a separate section 316 proceeding. See *id.* at ¶ 65 (stating that the Commission could consider, subject to section 316 procedures, an ITSO request to impose appropriate conditions on certain Intelsat satellites if advised by the U.S. Department of State that such action would promote the provisions of the ITSO Agreement and U.S. fulfillment of obligations under the ITSO Agreement).

the license modifications to assure that Intelsat and any successor or subsequent satellite operator using the orbital locations and associated frequency assignments adheres to the core principles established by the ITSO Agreement.³

We will treat the Petition as an informal request for Commission action under 47 C.F.R. § 1.41 and accept comments on the petition. Following conclusion of the comment cycle, the Commission will decide whether to propose a modification to the Intelsat licenses consistent with 47 U.S.C. § 316. Should the Commission decide to do so, it will notify Intelsat in writing of the proposed action and reasons therefor and afford Intelsat the opportunity to protest such proposed order of modification. *See* 47 U.S.C. § 316(a)(1) and 47 C.F.R. § 1.87(a) (requiring such notification).

Ex parte. Pursuant to section 1.1200(a) of the Commission's rules,⁴ the Commission may adopt modified or more stringent *ex parte* procedures in particular proceedings if the public interest so requires. We announce that this proceeding will be governed by the permit-but-disclose *ex parte* procedures that are applicable to non-restricted proceedings under section 1.1206 of the Commission's rules.⁵ We direct parties making oral *ex parte* presentations to the Commission's statement re-emphasizing the public's responsibility in permit-but-disclose proceedings and remind such parties that memoranda summarizing the presentation must contain the presentation's substance and not merely list the subjects discussed.⁶ More than a one- or two-sentence description of the views and arguments presented generally is required.⁷ Other rules pertaining to oral and written presentations are set forth in section 1.1206(b) as well.⁸ We urge parties to use the Electronic Comment Filing System ("ECFS") to file *ex parte* submissions.⁹

General Information. Interested parties must file comments no later than **August 17, 2006**. Responses must be filed no later than **August 28, 2006**. ³ We note that the Petition characterizes the Intelsat space station licenses as being held by Intelsat's subsidiary Intelsat, LLC. *See* Petition at 1. Intelsat, LLC no longer holds any space station licenses on behalf of Intelsat, because, in 2005, Intelsat sought and received authority to assign those licenses to its subsidiary Intelsat North America, LLC. *See Intelsat LLC*, File Nos. SAT-ASG-20050418-00084 and -00085, Public Notice, Policy Division Information, Report No. SAT-00294, 20 FCC Rcd 9959 (IB 2005); *see also Intelsat-PanAmSat Order* at ¶ 8 n.29 (showing subsequent *pro forma* changes in ownership of Intelsat North America, LLC as Intelsat's space station licensee).
