## COMMENTS INVITED ON APPLICATION OF THE ENTHEOS COMPANY TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

**WC Docket No. 06-146**  
**Comp. Pol. File No. 763**

**Comments Due: August 11, 2006**

### **Section 214 Application** **Applicant: The Entheos Company**

On **March 17, 2006**, **The Entheos Company** (Entheos or Applicant), located at **P.O. Box 887, Pasadena, California 91102-0887**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of certain telecommunications services in California.<sup>1</sup>

In its application, Entheos indicates that it provides resold interexchange telecommunications service and international telecommunications service to five customers located in and around Los Angeles, California. Specifically, Entheos states that it provides resold domestic interstate and intrastate interexchange services pursuant to section 63.01 of the Commission's rules, and pursuant to its Certificate of Public Convenience and Necessity from the California Public Utilities Commission.<sup>2</sup> Entheos indicates that it seeks authority to discontinue providing all of these services as of April 30, 2006.<sup>3</sup> Entheos states that each customer affected by its planned discontinuance was notified by letters sent by U.S. mail on March 16, 2006. Finally, Entheos asserts that it is a non-dominant carrier in its provision of all affected services.

---

<sup>1</sup> This application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on July 21, 2006.

<sup>2</sup> Entheos states that its Certificate of Public Convenience and Necessity authorizes Entheos to provide service between all points within the state of California, and that it also provides resold international telecommunications service pursuant to an international Section 214 certificate issued by the Commission (ITC-214-20050526-00202). *See International Authorizations Granted*, Public Notice, 20 FCC Rcd 10916 (2005).

<sup>3</sup> The discontinuance of international service is governed by 47 C.F.R. § 63.19.

In accordance with section 63.71(c) of the Commission's rules, Entheos' application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies Entheos that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, Entheos may terminate service to its affected customers on **August 28, 2006**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **August 11, 2006**. Such comments should refer to **WC Docket No. 06-146** and **Comp. Pol. File No. 763**.
