The Region 7 (Colorado) 700 MHz, 4.9 GHz and State Interoperability Executive Committee (SIEC) Public Safety Planning Committee announces that its next meeting will be held on Wednesday, October 25, 2006 at 10:00 a.m., at the State of Colorado Emergency Management Office located at 9195 East Mineral Avenue, Suite 200, Centennial, Colorado.

The agenda for this meeting includes:

- Discussion and work on the Region's 4.9 GHz Plan;
- Discussion and work on the 700 MHz SIEC Plan (for administration of the 2.6 megahertz of interoperability spectrum);
- More reviews and follow-up on 700 MHz wideband/broadband proposals; and
- Presentation on three wideband system proposals.

The Region 7 700 MHz/4.9 GHz Public Safety Planning Committee meeting is open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in Colorado would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process.

All interested parties wishing to participate in the planning for the use of new Public Safety spectrum in the 700 MHz band, or the newly allocated 4.9 GHz band, within Region 7 are encouraged to attend.
