WIRELESS TELECOMMUNICATIONS BUREAU ACTION
REGION 16 (KANSAS) 700 MHz
PUBLIC SAFETY REGIONAL PLANNING COMMITTEE
ANNOUNCES MEETING

The Region 16 (Kansas) 700 MHz Public Safety Regional Planning Committee announces that its next meeting will be held on Wednesday, October 25th, 2006 from 10:00 a.m. to 3:00 p.m., at the Kansas Highway Patrol Training Center located at 2025 E. Iron, Salina, Kansas.

- The purpose of this meeting is to continue develop a statewide (Kansas) plan to meet the needs of the 700 MHz spectrum users including Public Safety, Public Health, and Emergency Management.

All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in Region 16 would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent your agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band are encouraged to attend. For further information about the meeting, please contact the Region 16 Chair listed below.

Edwin Geer, Chair
