## **PUBLIC SAFETY AND HOMELAND SECURITY BUREAU ACTION**

### **REGION 29 (NEW MEXICO) 700 MHz PUBLIC SAFETY PLANNING COMMITTEE ANNOUNCES MEETING**

The Region 29 (New Mexico) 700 MHz Public Safety Planning Committee announces that its next meeting will be held on Friday, November 3, 2006, beginning at 1:30 p.m. (Mountain), at the Albuquerque Police Communications located at 11510 Sunset Gardens, S.W., Albuquerque, New Mexico.

The agenda for this meeting includes:

- Review and discuss purpose with new participants.
- Report progress from North, South and Central areas.
- Discuss alternative reuse plan in Central corridor.
- Review Computer-Assisted Pre-coordination Resource and Database System (CAPRAD) allocation plan.
- Review attendee sign-in sheet and classify membership.
- Other business.

All eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Region 29 would utilize these frequencies. It is essential that public safety agencies in all areas of government including state, municipality, county and Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules, be represented in order to ensure each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate and represent their agency's needs.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz band, as well as the 4.9 GHz band,<sup>1</sup> within Region 29 are encouraged to attend.

---

<sup>1</sup> See The 4.9 GHz Band Transferred from Federal Government Use, WT Docket No. 00-32, *Memorandum Opinion and Order*, 19 FCC Rcd 22325, 22332 ¶ 19 (2004) (technical expertise resident in the regional planning committees may be useful to new 4.9 GHz licensees).
