**APPLICATION FOR CONSENT TO TRANSFER OF CONTROL FILED BY  
AT&T INC. and BELLSOUTH CORPORATION**

**NUMBERING RESOURCE UTILIZATION AND FORECAST (NRUF) REPORT DATA  
PLACED INTO THE RECORD, SUBJECT TO PROTECTIVE ORDER**

**WC Docket No. 06-74  
CC Docket No. 99-200**

AT&T Inc. (“AT&T”) and BellSouth Corporation (“BellSouth”) (collectively, “the Applicants”) have filed a series of applications pursuant to sections 214 and 310(d) of the Communications Act of 1934, as amended<sup>1</sup> and section 2 of the Cable Landing License Act.<sup>2</sup> In these applications, the Applicants seek Commission approval of the transfer of control to AT&T of licenses and authorizations held directly and indirectly by BellSouth. In connection with the Commission’s review of the applications, the Commission intends to utilize some of the information contained in the Numbering Resource Utilization and Forecast (“NRUF”) reports filed by wireless telecommunications carriers.<sup>3</sup> These data may assist the Commission in assessing the competitive effects of the transaction. Accordingly, subject to the provisions of the First Protective Order adopted in this proceeding,<sup>4</sup> the Commission is placing into the record in this proceeding data drawn from NRUF reports for all wireless telecommunications carriers with data as of December 31, 2005.

Section 251 of the Communications Act grants the Commission jurisdiction over the North American Numbering Plan (“NANP”) and related telephone numbering issues. In order to better monitor the way numbering resources are used within the NANP and efficiently allocate NANP resources, the Commission requires telecommunications carriers to provide the Commission with a utilization report of

their current inventory of telephone numbers and a five-year forecast of their numbering resource requirements.<sup>5</sup>

The Commission has recognized that disaggregated, carrier-specific forecast and utilization data should be treated as confidential and should be exempt from public disclosure under 5 U.S.C. § 552(b)(4).<sup>6</sup> The NRUF report data are being placed into the record subject to the provisions of a protective order. As such, the NRUF data will not be available to the public except pursuant to the terms of the protective order, as outlined below.

Persons seeking to review the particular NRUF data may do so only for purposes of participating in this proceeding. Pursuant to the First Protective Order, outside persons participating or intending to participate in the proceeding who are not involved in competitive decision-making activities and who have signed the Acknowledgement of Confidentiality attached to the First Protective Order in this merger proceeding may review the NRUF data. We emphasize that persons seeking to review the NRUF data must have adequate protections in place to prevent improper use or disclosure of the information.

The Commission is placing the NRUF data into the public record subject to the safeguards contained in the First Protective Order. Affected parties will have five business days after the filing of an Acknowledgement of Confidentiality or, if an Acknowledgment of Confidentiality has already been filed, a request to review the data, to object to the release of the data to a particular person who requests permission to review it. If disclosure is opposed, the procedures set forth in 47 C.F.R. § 0.461(i) shall apply. All filings should refer to WC Docket No. 06-74 and CC Docket No. 99-200.

Under the Commission's current procedures for the submission of filings and other documents,<sup>7</sup> objections to release of the data and responses thereto may be filed electronically (*i.e.*, though ECFS) or by hand delivery to the Commission's Massachusetts Avenue location.

- **If filed by ECFS,**<sup>8</sup> comments shall be sent as an electronic file via the Internet to <http://www.fcc.gov/e-file/ecfs.html>. In completing the transmittal screen, commenters should

The NRUF data to be placed into the record in this proceeding is aggregated at the state level and identifies the quantity of numbers assigned in each state in the BellSouth territory to: (i) Cingular Wireless LLC (Cingular) and certain of its affiliates; and (ii) in the aggregate, all other CMRS carriers providing service in each state. Cingular has granted the Commission permission to place the aggregated NRUF data submitted by Cingular and certain of its affiliates in the record of this proceeding. See Letter from Jim Bugel, Vice President, Federal Government Affairs, Cingular, to Marlene H. Dortch, Secretary, FCC, WC Docket 06-74 (filed Oct. 10, 2006). The data for all other CMRS carriers is aggregated such that neither confidential treatment nor permission to place the data in the record in this proceeding are necessary. *Numbering Resource Order*, 15 FCC Rcd at 7607, para. 79.
