Released: December 18, 2006

WIRELESS TELECOMMUNICATIONS BUREAU GRANTS ADVANCED WIRELESS SERVICE LICENSES

AUCTION EVENT NO. 66

On September 18, 2006, the Wireless Telecommunications Bureau (“Bureau”) completed an auction of Advanced Wireless Service (“AWS”) licenses (“Auction No. 66”), in which the winning bidders won a total of 1,087 licenses.¹ In two separate notices, the Bureau announced that, based upon a preliminary review of the long-form applications, it was accepting for filing the applications for the winning bidders in Auction No. 66.² Upon further review and examination, the applications listed in Attachment A have been found to be complete and in conformance with the Commission’s rules.³ Furthermore, the Commission has received full and timely payment as required by section 1.2109(a) of

¹ See Auction of Advanced Wireless Services Closes: Winning Bidders Announced for Auction 66, Report No. AUC-06-66-F, *Public Notice*, DA 06-1882 (WTB rel. Sep. 20, 2006) (“*Closing PN*”). In Auction 66, the Commission made available 1,122 AWS licenses in the 1710-1755 MHz and 2110-2155 MHz bands (“AWS-1”).

² See Wireless Telecommunications Bureau Announces that Applications for Advanced Wireless Services Are Accepted for Filing, *Public Notice*, DA 06-2179 (WTB rel. Oct. 27, 2006) and Wireless Telecommunications Bureau Announces that an Application for Advanced Wireless Services Is Accepted for Filing, *Public Notice*, DA 06-2256 (WTB rel. Oct. 31, 2006). Pursuant to these two notices, all of the winning bidders’ applications have been accepted for filing. See also Wireless Telecommunications Bureau Grants Advanced Wireless Service Licenses, *Public Notice*, DA 06-2408 (WTB rel. Nov. 29, 2006).

³ AST Telecom, LLC (“AST”) filed a petition requesting that the Commission find permissible the indirect foreign ownership of AST in excess of the 25 percent benchmark set forth in Section 310(b)(4) of the Communications Act of 1934, as amended, 47 U.S.C. § 310(b)(4). The International Bureau has found that the public interest would be served by granting this request. See ISP-PDR-20061004-00014 (granted Dec. 15, 2006).

We also note that, in its application, PetroCom License Corporation (“PetroCom”) reports the filing of applications seeking consent to transfer of control of its wireless authorizations (ULS File No. 0002734993). PetroCom states that, “[I]n the unlikely event that the FCC approves the requested consent to transfer of control, and the parties proceed to consummate the proposed transaction, the parties to the applications for transfer of control have requested that the FCC waive its rules, to the extent necessary, to permit the amendment of any pending applications for new licenses, to reflect the new ownership, to be characterized as minor amendments.” PetroCom Ex. A. Since the transfer applications have not yet been granted, applicant’s request is moot, and PetroCom’s AWS-1 license application has been reviewed on the basis of its current ownership only.

the Commission's rules, for the licenses listed in Attachment A,⁴ and there are no petitions to deny or other requests pending that would prevent grant of the licenses.

Accordingly, by this Public Notice, we announce the grant of the licenses listed in Attachment A. We grant these licenses pursuant to Section 309(a) of the Communications Act, 47 U.S.C. § 309(a), and section 0.331 of the Commission's rules, 47 C.F.R. § 0.331, because it will serve the public interest, convenience, and necessity.

This Public Notice contains the following Attachments:

Attachment A: List of Applications the Wireless Telecommunications Bureau Is Granting – Sorted by Applicant.

Attachment A1: List of Applications the Wireless Telecommunications Bureau Is Granting – Sorted by Market and Channel Block.

Attachment B: Instructions for Searching for the Underlying Applications for Licensees Listed in Attachment A Using ULS.

Attachment C: Instructions for Searching for Granted Licenses Listed in Attachment A Using ULS.

For further information, the news media should contact Chelsea Fallon, Wireless Telecommunications Bureau, at (202) 418-7991. For questions regarding legal matters, contact Mindy Littell or John Spencer, Wireless Telecommunications Bureau, Broadband Division, at (202) 418-2487; for licensing matters, contact Beth Fishel, Wireless Telecommunications Bureau, Broadband Division, at (717) 338-2649.

-FCC-

⁴ By Public Notice, auction winners were directed to pay the balance of their winning bids in a lump sum by October 19, 2006; or by November 2, 2006, accompanied by a five percent late fee. *See Closing PN* at 2.
