OFFICE OF ENGINEERING AND TECHNOLOGY INVITES SUBMITTAL OF PROTOTYPE TV BAND DEVICES FOR TESTING

The Commission on October 12, 2006 adopted a First Report and Order and Further Notice of Proposed Rule Making in ET Docket Nos. 04-186 and 02-380 to permit the operation of new low power devices in the broadcast television spectrum (TV bands) on channels/frequencies that are not being used for authorized services (referred to as “TV band devices”). The Commission stated that it plans to conduct testing to assess the potential interference from low power devices operating in the TV bands. This public notice invites interested parties to submit prototype TV band devices to the Commission’s Laboratory for testing. Parties planning to submit prototype TV band devices should contact Steve Martin, (301) 362-3052, e-mail Steve.Martin@FCC.gov by January 19, 2007 to make appropriate arrangements.

Chief, Office of Engineering and Technology.
