DELAWARE, INC. AND TMC OF VIRGINIA, INC. TO DISCONTINUE
DOMESTIC TELECOMMUNICATIONS SERVICES**

WC Docket No. 06-40
Comp. Pol. File No. 748

Comments Due: March 8, 2006

Section 214 Application

Applicants: TMC Communications of Delaware, Inc. and TMC of Virginia, Inc.

On February 3, 2006, TMC Communications of Delaware, Inc. (TMC of Delaware) and TMC of Virginia, Inc. (TMC of Virginia) (collectively, TMC or Applicants), located at **9801 Washingtonian Boulevard, Suite 510, Gaithersburg, MD 20878**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue its provision of certain domestic telecommunications services to customers located in Maryland and Virginia.

TMC indicates that TMC of Delaware and TMC of Virginia are wholly-owned subsidiaries of Telecommunications Management Consultants, Inc. TMC states that it currently provides local exchange, interexchange, and international services to customers in Maryland and Virginia using the underlying networks of Verizon, Cavalier Telephone, AT&T, Sprint, and Covad Communications. TMC asserts that it does not have funds available to make the necessary payments to its underlying network carriers, and that it must therefore shut down its business and discontinue service to approximately 270 customers located in Maryland and Virginia. TMC proposes to discontinue its provision of local exchange, interexchange and international services to these customers as of April 3, 2006 subject to the receipt of all necessary regulatory approvals.¹ TMC indicates that, on February 2, 2006, it provided all affected customers with written notice of its proposed discontinuance, by letters sent via U.S. mail, and in accordance with the requirements of section 63.71 of the Commission's rules. Finally, TMC asserts that it is a non-dominant carrier with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, TMC's application will be deemed to be automatically granted on the thirty-first (31st) day after the release date of this public

¹ Discontinuance of international service is governed by 47 C.F.R. § 63.19.

notice, unless the Commission notifies TMC that the grant will not be automatically effective. In TMC's application and notice to customers, TMC indicates that it anticipates discontinuing service on April 3, 2006, or as soon thereafter as the necessary governmental approvals can be obtained. Accordingly, pursuant to section 63.71(c) and the terms of TMC's application and notice to customers, absent further Commission action, TMC may terminate service to its affected customers on **April 3, 2006**. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **March 8, 2006**. Such comments should refer to **WC Docket No. 06-40 and Comp. Pol. File No. 748**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. See *Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
