WIRELESS TELECOMMUNICATIONS BUREAU ACTION

REGION 29 (NEW MEXICO) 700 MHz PUBLIC SAFETY REGIONAL PLANNING COMMITTEE TO HOLD MEETING

The Region 29 (New Mexico) 700 MHz Public Safety Regional Planning Committee will hold its next meeting on Friday, February 24, 2006. The meeting will start at 1:30 p.m. (MST) and will be hosted by the City of Las Cruces Fire Department (Station #1), located at 201 E. Picacho Las Cruces, New Mexico. The purpose of the meeting is to:

- Establish a sub-committee chairperson for the Southern section of the region.
- Discuss the Concurrence of the Region 41 (Utah) and Region 7 (Colorado) plans.
- Establish working groups in each of Region 29's three sections (North, South and Central).
- Review attendee sign-in sheet and classify membership.
- Other business.

The Region 29 700 MHz Public Safety Regional Planning Committee meeting is open to the public. All eligible public safety providers whose sole or principal purpose is to protect the safety of life, health, or property in Region 29 would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not conversant with telecommunications technology should ensure that their respective agencies are represented by suitably conversant staff.

All interested parties wishing to participate in the planning for the use of new public safety spectrum in the 700 MHz and the 4.9 GHz bands within Region 29 are encouraged to attend. For further information, please contact:

Julian Zamora, Chairperson
Region 29, 700 MHz Regional Planning Committee
Communications Manager, City of Albuquerque
