## **DOMESTIC SECTION 214 APPLICATION FILED FOR THE ACQUISITION OF ASSETS OF LINE 1 COMMUNICATIONS, LLC BY TELRITE CORPORATION**

### **STREAMLINED PLEADING CYCLE ESTABLISHED**

**WC Docket No. 06-48**

**Comments Due: April 3, 2006**

**Reply Comments Due: April 10, 2006**

On February 17, 2006, Line 1 Communications, LLC (“Line 1”), and Telrite Corporation (“Telrite”), (collectively, the “Applicants”), filed an application, pursuant to sections 63.03 and 63.04 of the Commission’s rules,<sup>1</sup> seeking authority to transfer Line 1’s traditional voice telecommunications assets to Telrite. Line 1 and Telrite hold authority to provide domestic and international telecommunications services pursuant to section 214 of the Act.<sup>2</sup>

Applicants assert that this transaction is entitled to presumptive streamlined treatment under section 63.03(b)(2)(i), of the Commission’s rules because the transferee will have a market share in the interstate interexchange market of less than 10 percent, the transferee will provide competitive telephone exchange services or exchange access services exclusively in geographic areas served by a dominant local exchange carrier that is not a party to the proposed transaction, and no party to this Application is dominant with respect to any service.<sup>3</sup>

Line 1 is a Delaware limited liability company. Line 1 provides interexchange and local telecommunications services. Gene E. Lane, Jr. (75%), Gene E. Lane, Sr. (10%), and Jeff Tudor (15%), all U.S. citizens, own Line 1.

<sup>1</sup> 47 C.F.R. §§ 63.03, 63.04; *see* 47 U.S.C. § 214.

<sup>2</sup> Applicants are also filing applications for transfer of control associated with authorization for international services. Any action on this domestic 214 application is without prejudice to Commission action on other related, pending applications.

<sup>3</sup> 47 C.F.R. § 63.03(b)(2)(i). *See* Letter from Benjamin W. Bronston, Nowalsky, Bronston & Gothard, to Marlene H. Dortch, Federal Communications Commission, Secretary, WC Docket No. 06-48 (filed March 15, 2006).

Telrite is a Georgia corporation. Telrite is authorized to provide interexchange telecommunications services in every jurisdiction with the exception of Alaska and Hawaii. Telrite is owned by Darryl Davis (50%) and Reggie McFarland (50%), both U.S. citizens. There is no other person or entity, which has a 10% or greater interest in Telrite.

On January 23, 2006, Line 1 and Telrite entered into an Asset Purchase Agreement whereby Telrite will purchase substantially all of the traditional voice telecommunications assets of LINE 1, including, but not limited to, Line 1's customer accounts (the "Acquisition"). The acquisition will not result in any change in ownership of Line 1, but only affects Line 1's traditional voice telecommunications assets.

Applicants state that the proposed transaction serves the public interest because the transaction will strengthen Telrite, as the post-transaction company will become a stronger competitor in the marketplace for interstate and international telecommunications services. Applicants assert that the customers of Line 1 will benefit from the company's improved resources and assets, which will help ensure continuity of service and enhance the ability of Telrite to offer a broader range of innovative products and services to customers. The Applicants maintain that the transaction will therefore promote competition in the interexchange and international telecommunications markets.
