The Region 55 Public Safety Regional Planning Committee meeting is open to the public. All eligible public safety providers whose sole purpose or principal purpose is to protect the safety of life, health, or property in the Region 55 would utilize these frequencies. It is essential that not only public safety, but all government, Native American Tribal, and non-

governmental organizations eligible under Section 90.523 of the Commission's Rules be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process.

Administrators who are not conversant with telecommunications technology should ensure that their respective agencies are represented by suitably conversant staff.

All interested parties wishing to participate in the planning for the use of public safety spectrum in the 800 MHz band within Region 55 are encouraged to attend. For further information, please contact:
