ORDER

Adopted: January 18, 2006

Released: January 20, 2006

By the Deputy Chief, Policy Division, Media Bureau:

1. On October 28, 2004, Comcast of Texas II, L.P. ("Comcast"), filed this appeal of a local rate order adopted by the City Council of the City of Colleyville, Texas (the "City") on September 28, 2004. Earlier, Comcast had challenged the City's certification to regulate Comcast's rates. Specifically, on September 3, 2004, a Comcast affiliate filed a petition asserting that it was subject to effective competition in Colleyville. The Commission recently granted the petition, finding that Comcast faced effective competition in Colleyville.

2. The Communications Act provides that, where effective competition is absent, cable rates for the Basic Service Tier are subject to regulation by franchising authorities such as the City. The Commission's finding of effective competition in Colleyville, however, revoked the City's certification to regulate Comcast's BST rates and thus exempted Comcast from the City's rate regulation.

3. The Commission, when it grants a cable operator's petition for a finding of effective competition, has recognized the filing date of the petition as the date on which the cable operator was subject to effective competition. We do so here. Therefore, since September 3, 2004, the City has lacked

authority to regulate Comcast's rates in Colleyville. The City's September 28, 2004, rate order with respect to Comcast is without force or effect.

4. Accordingly, **IT IS ORDERED** that the appeal of Comcast of Texas II, L.P., from the September 28, 2004, rate order issued by the City Council of the City of Colleyville, Texas, **IS GRANTED** to the extent indicated herein and the local rate order **IS HEREBY VACATED AND SET ASIDE**.
