## License Renewal Filing Window Reopened For Station KTLA-TV, Los Angeles, CA

All television license renewal applications for California television stations, including KTLA-TV, were due to be filed with the Commission on or before August 1, 2006. Petitions to Deny those applications were due on or before November 1, 2006. However, the KTLA-TV license renewal application was not filed until August 11, 2006, due to malfunctions in the Commission's electronic filing system. *See Public Notice*, DA 06-1571, released August 1, 2006.

In November, 2006, several Petitions to Deny and Informal Objections were received raising issues pertinent to renewal of the KTLA-TV license. The Commission believes that a full and complete record should be assembled with respect to the KTLA-TV license renewal application. The opportunity for additional public comment would facilitate this process.

Accordingly, the window for filing formal Petitions to Deny or other comments with respect to the KTLA-TV license renewal application is reopened for a period of 30 days, commencing upon the release of this public notice. All filings should be clearly captioned "In the Matter of the Application for Renewal of Broadcast Station License of KTLA-TV."
