D/B/A AT&T LONG DISTANCE TO DISCONTINUE DOMESTIC
TELECOMMUNICATIONS SERVICES**

WC Docket No. 07-65
Comp. Pol. File No. 787

Comments Due: April 16, 2007

Section 214 Application

Applicant: SBC Long Distance, LLC d/b/a AT&T Long Distance

On **March 20, 2007**, **SBC Long Distance, LLC d/b/a AT&T Long Distance** (AT&T or Applicant), located at **1010 N. St. Mary's Street, Suite 13L, San Antonio, TX 78215**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority to the extent necessary, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services to customers in the District of Columbia, Kentucky, Maryland, Massachusetts, North Carolina, New Jersey, New York, Oregon, Pennsylvania, Tennessee, Virginia and Washington. By amendments filed March 22, 2007 and March 23, 2007, AT&T provided requested information and updated the record regarding notice in the affected areas. Accordingly, AT&T's application is deemed complete as of March 23, 2007.

AT&T indicates that it currently provides the following business services in the District of Columbia, Kentucky, Maryland, Massachusetts, North Carolina, New Jersey, New York, Oregon, Pennsylvania, Tennessee, Virginia and Washington: Local Business Access Lines (also sold in packages and referred to as Phone Solutions and Phone Solutions Plus), Intrastate Private Line Service, Local Primary Rate Integrated Service Digital Network (ISDN) Primary Rate Interface (PRI) Service, Local Digital Trunks (DTS), and Local T-1 Integrated Access (IAS). AT&T states that, as a result of the acquisition of AT&T Corp. and its subsidiaries by SBC Communications, Inc., the combined entity now plans to streamline its business services portfolio. Accordingly, AT&T indicates that it no longer plans to offer these services to new customers in all affected states except Oregon on or after May 1, 2007, subject to Commission authorization.¹ AT&T further indicates that it no longer plans to offer these services to new customers in Oregon on or after May 15, 2007, subject to Commission authorization. AT&T maintains that it will continue to provide services to existing customers until their existing contracts expire or are

terminated. AT&T states that it plans to offer comparable services through another AT&T affiliate. AT&T also asserts that there are many alternative providers of business services in the affected areas, including but not limited to Access Point Inc., which provides services in Washington, D.C., Maryland, Massachusetts, New Jersey, New York and Pennsylvania; Birch Telecom, which provides services in Kentucky and Tennessee; Talk America, which provides services in Oregon, Virginia and Washington; and Verizon, which provides services in Washington, D.C., Massachusetts, Maryland and Virginia. AT&T represents that it notified affected customers of the proposed discontinuance by letters sent via U.S. Mail on March 15, 2007. Finally, AT&T asserts that it is non-dominant with respect to the services it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, AT&T's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies AT&T that the grant will not be automatically effective. In AT&T's application and notice to customers AT&T indicates that it will no longer offer these services to new customers in the affected states on or after May 1st or May 15th as specified, and that it will not provide these services to existing customers beyond the expiration or termination of their existing contracts. Accordingly, pursuant to section 63.71(c) and the terms of AT&T's notice and application, absent further Commission action, AT&T may terminate service to affected customers on or after **May 1, 2007** in the District of Columbia, Kentucky, Maryland, Massachusetts, North Carolina, New Jersey, New York, Pennsylvania, Tennessee, Virginia and Washington, and on or after **May 15, 2007** in Oregon, in accordance with its filed representations. The Commission will normally authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **April 16, 2007**. Such comments should refer to **WC Docket No. 07-65 and Comp. Pol. File No. 787**.
