NOTICE OF PROPOSED RULE MAKING

Adopted: October 3, 2007

Released: October 5, 2007

Comment Date: November 26, 2007

Reply Date: December 11, 2007

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Katherine Pyeatt (“Petitioner”), proposing the allotment of Channel 256C3 at Harper, Texas, as a first local service. Petitioner filed an FCC Form 301 application proposing allotment of Channel 256C3 at Harper, Texas,¹ submitting with the application the required filing fee.² Petitioner states that if Channel 256C3 is allotted at Harper, she will participate in the auction for this allotment and, if she is the successful bidder, she will construct the station.

2. Petitioner states that Harper, Texas, is a Census Designated Place with a population of 1,006 persons. Petitioner further states that Harper has its own Zip code (78631), school district, fire department, post office, community hall, chamber of commerce, and a number of local churches.

¹ File No. BNPH-20070618ABV.

² See *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*, Report and Order, 21 FCC Rcd 14212 (2006) (“*Revised Allotment Procedures R&O*”).

3. The proposed allotment can be made with the site restrictions and reference coordinates indicated below.³ Accordingly, we seek comment on amendment of the FM Table of Allotments, 47 C.F.R. Section 73.202(b), to include Channel 256C3 at Harper, Texas, as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Harper, Texas	----	256C3

Proposed Coordinates for Channel 256C3 at Harper, Texas: 30-16-20 NL and 99-07-25 WL, with a site restriction of 12.9 km (8.0 miles) east of Harper.

4. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached *Appendix* and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required to allot this channel.

5. Pursuant to Sections 1.415 and 1.419 of the Commission's Rules,⁴ interested parties may file comments on or before November 26, 2007, and reply comments on or before December 11, 2007, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission, Office of the Secretary, 445 Twelfth Street, SW, TW-A325, Washington, D.C. 20554. Additionally, a copy of any filing should be served on Petitioner and counsel for Petitioner, as follows:

³ Petitioner's proposal to allot Channel 256C3 at Harper, Texas, is mutually-exclusive with dismissed counterproposals in two separate proceedings, MM Docket No. 00-148 and MB Docket No.05-112. In both of those proceedings, the allotment of Channel 256A at Ingram, Texas, was proposed. *Quanah, Texas*, Report and Order, 18 FCC Rcd 9405 (MB 2003), *recon. denied*, Memorandum Report and Order, 19 FCC Rcd 7159 (MB 2004), *app. for review pending*; and *Fredericksburg, Texas*, Report and Order, DA 07-2544 (MB 2007), *pet. for recon. pending*. The allotment of Channel 256C3 at Harper would, if granted, be subject to the outcomes of MM Docket No. 00-148 and MB Docket No. 05-112, because the decisions in those proceedings are effective but not final. See *Auburn, Alabama*, Memorandum Opinion and Order, 18 FCC Rcd 10333 (MB 2003). In addition, concurrence by the Government of Mexico is required for the allotment of Channel 256C3 at Harper, Texas, because the proposed allotment is located within 320 kilometers (199 miles) of the U.S.-Mexican border.

⁴ See 47 C.F.R. §§1.415 and 1.419.

6. Parties must file an original and four paper copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Georgia Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail or Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, MD 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, SW, Washington, D.C. 20554. **All filings must be addressed to Marlene H. Dortch, Secretary, Federal Communications Commission, Office of the Secretary. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary. See 47 C.F.R. § 1.7. Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.**

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.⁵ This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198.⁶

However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in the particular docket unless the Commission specifically waives this service requirement. 2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments (*see* 47 C.F.R. Section 1.420(d).)

(b) Petitions for rule making which conflict with the proposals in this *Notice* will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings.
