\* Totals may differ slightly for blocks of the same bandwidth due to rounding and other factors.

\*\* The proposed reserve prices are for each frequency block only. While the total of these block-specific reserve prices is \$10,053,350,000, there is not an auction-wide reserve price. If the aggregate reserve price of \$4,637,854,000 covering both Blocks C1 and C2 is not met, the Commission nevertheless will assign licenses for the respective block based on the auction results if the gross bid amounts on the C1 Block licenses exceed \$2,529,739,000 or the gross bid amounts on the C2 Block licenses exceed \$2,108,115,000.
