DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

Comp. Pol. File No. 845**

Section 214 Application

Applicant: BellSouth Long Distance, Inc. d/b/a AT&T Long Distance Service

On November 5, 2007, BellSouth Long Distance, Inc. d/b/a AT&T Long Distance Service (BellSouth LD or Applicant), located at 400 Perimeter Center Terrace, Suite 400, Atlanta, GA 30346, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue certain domestic telecommunications services throughout the continental United States and Hawaii, excluding the states and territories of Alaska, California, and the District of Columbia.

BellSouth LD indicates that it currently offers Switched Access Service throughout the continental United States and Hawaii (collectively, the affected states), excluding the states and territories of Alaska, California, and the District of Columbia. BellSouth LD states that, as a result of the acquisition of BellSouth Corporation and its affiliated companies by AT&T Inc., the combined entity now plans to streamline its service portfolio. Accordingly, BellSouth LD indicates that it no longer plans to offer Switched Access Service to customers in the affected states on or after December 17, 2007, subject to Commission authorization. BellSouth LD asserts that currently there is no demand for this service and that it does not have any customers that currently subscribe to the service. BellSouth LD states, however, that there are many alternative providers of this service, including but not limited to AT&T Corp. Finally, BellSouth LD asserts that it is non-dominant with respect to the service it proposes to discontinue.

In accordance with section 63.71(c) of the Commission's rules, BellSouth LD's application will be deemed to be granted automatically on the thirty-first (31st) day after the release date of this public notice, unless the Commission notifies BellSouth LD that the grant will not be automatically effective. In BellSouth LD's application, BellSouth LD indicates that it will no longer offer this service in the affected states on or after December 17, 2007. Accordingly, pursuant to section 63.71(c) and the terms of BellSouth LD's application, absent further Commission action, BellSouth LD may discontinue service

on or after **December 17, 2007** in accordance with its filed representations. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a “permit but disclose” proceeding for purposes of the Commission’s ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **December 3, 2007**. Such comments should refer to **WC Docket No. 07-259 and Comp. Pol. File No. 845**.
