STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 08-74

Comments Due: July 7, 2008

Reply Comments Due: July 14, 2008

On May 19, 2008, Telenational Communications, Inc. d/b/a T.N.C. Communications, Inc. (Telenational) and iBroadband Networks, Inc. d/b/a Cedar Valley Communications America, Corp. (iBroadband, collectively Applicants) filed an application pursuant to section 63.03 of the Commission's rules requesting approval to transfer the customers of iBroadband located in Texas to Telenational.¹ iBroadband, a Texas corporation, is certified to provide competitive local exchange and long distance services in Texas. Telenational, a Delaware corporation, is certified to provide competitive local exchange service in Texas and long distance services nationwide, except for Alaska, Hawaii, Delaware, and Tennessee. Applicants state that Telenational is wholly owned by RadpidLink, Inc., a Delaware holding company, that does not provide telecommunications services. They further state that the following U.S. citizens own at least 10 percent of the equity of RapidLink, Inc.: John Allen Jenkins (26 percent) and Christopher James Canfield (18 percent). Pursuant to the terms of the proposed transaction, Telenational will acquire the 2,255 local exchange and long distance customers of iBroadband that are located in Texas.² Applicants assert that the proposed transaction is entitled to presumptive streamlined treatment under section 63.03(b)(2)(i) of the Commission's rules and that a grant of the application will serve the public interest, convenience, and necessity.³

¹ 47 C.F.R. § 63.03; *see* 47 U.S.C. § 214. Applicants are also filing an application for transfer of control associated with authorization for international services. Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications. Applicants filed a supplement to their domestic section 214 application on June 19, 2008.

² On June 19, 2008, Applicants filed a request for special temporary authority (STA) to close the proposed transaction immediately in order to avoid disruption of service to iBroadband's customers that would otherwise result from iBroadband's financial insolvency. On June 20, 2008, the Wireline Competition Bureau granted the STA for the domestic authorization for a period of 60 days. *See* Letter from Monique Byrnes, Consultant to Telenational Communications, Inc., to Marlene H. Dortch, Secretary, FCC, WC Docket No. 08-74 (filed June 19, 2008). Any action on the STA or domestic section 214 application is without prejudice to any potential enforcement action for any violation of the Communications Act or the Commission's rules.

³ 47 C.F.R. § 63.03(b)(2)(i).
