### INFORMATIVE

**SAT-MOD-20080630-00133** S2422 PanAmSat Licensee Corp.

Under the provisions of the Second Space Station Licensing Reform Order, 18 FCC Rcd 12507 (2003), the Satellite Division finds that the modification request filed by PanAmSat Licensee Corp. (PanAmSat) on June 30, 2008, File No. SAT-MOD-20080630-00133, is not appropriate for the streamlined procedure for fleet management maneuvers specified in Section 25.118(e) of the Commission's rules, 47 C.F.R. §25.118(e). Therefore, PanAmSat will not be allowed, at this time, to modify its license without prior authorization pursuant to Section 25.118(e) as specified in its modification request. Accordingly, the status of File No. SAT-MOD-20080630-00133 is that of a pending request for modification that has yet to be accepted for filing. This determination is without prejudice to any subsequent Commission action on the modification request.
