**MEDIA BUREAU RECEIVES REQUEST BY ANALOG TELEVISION STATION  
IN THE UPPER 700 MHZ BAND TO CEASE ANALOG BROADCASTING,  
SURRENDER NTSC LICENSE, AND OPERATE AS  
A SINGLE CHANNEL, DIGITAL-ONLY TELEVISION STATION**

In the *700 MHz First Report and Order*,<sup>1</sup> the Commission adopted service rules for licensing the commercial use of the 746-764 MHz and 776-794 MHz bands, which had been reallocated by Congressional direction from their previous use solely for the broadcasting service. On reconsideration, the Commission clarified how it would review, on a case-by-case basis, requests by incumbent broadcasters on channels 60-69 to voluntarily vacate their NTSC channels prior to the end of the DTV transition.<sup>2</sup>

The Media Bureau has received a request from Indianapolis Community Television, Inc., the licensee of analog television station WDTI-TV, NTSC Channel \*69, and digital television station WDTI-DT, DTV Channel \*44,<sup>3</sup> for Commission authority to: (i) cease analog broadcasting on NTSC Channel \*69 and surrender its license for the channel prior to the end of the DTV transition; and (ii) thereafter operate WDTI-DT as a single channel, digital-only television station on DTV Channel \*44.

This request is available for inspection at the Commission's Reference Center, 445 Twelfth Street, S.W., Room CY-A257, Washington, D.C. 20554, and may also be accessed on the FCC's website at [www.fcc.gov/mb/video/tv.html](http://www.fcc.gov/mb/video/tv.html).

To promote the public interest and consistent with the requirement adopted in the *Third DTV Periodic Review Report and Order*,<sup>4</sup> in the event this request is granted, Indianapolis Community Television, Inc. will be required to comply with the following viewer notification requirements: The station must air viewer notifications on its analog and DTV
