NOTICE OF PROPOSED RULE MAKING

Adopted: October 29, 2008

Released: October 31, 2008

Comment Date: December 22, 2008

Reply Comment Date: January 6, 2009

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rulemaking filed by Shirk-Mays, LLC ("Petitioner"), requesting the allotment of FM Channel 264C2 at Kihei, Hawaii, as a third local aural service. The Petitioner states its intention to apply for the channel, if allotted. In compliance with the Commission's new procedures, the Petitioner concurrently filed a construction permit application for the requested channel at Kihei, Hawaii, and paid the necessary filing fee.

2. In support of its proposal, the Petitioner states that Kihei is located on the island of Maui and is a Census Designated Place with a population of 16,749 people. The Petitioner states that Kihei has been recognized by the Commission as a community for allotment purposes. The Petitioner alleges that its proposal would serve the public interest by providing a new local FM broadcast station at Kihei and signal coverage to a substantial area and population.

3. The proposal warrants consideration because Channel 264C2 could provide a third local service to Kihei. A staff engineering analysis reveals that Channel 264C2 can be allotted to Kihei at the Petitioner's requested site, which is approximately 17 kilometers (11 miles) southeast of Kihei, in compliance with the Commission's minimum distance separation requirements. The reference coordinates for proposed Channel 264C2 at Kihei are 20-39-36 NL and 156-21-50 WL.

4. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

1 Kihei currently has licensed Station KAOI(AM), 1110 kHz, and an outstanding construction permit for a new FM station on Channel 298C2 (File No. BNPH-20070226AEQ). In addition, two reserved band FM applications are pending for Channels 205 and 209 at Kihei that are in the same mutually exclusive group, consisting of several dozen applications. See File Nos. BNPED-20071012AEF and BNPED-20071022BDI.

2 See File No. BNPH-20070723AEJ.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this Appendix is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

(b) With respect to petitions for rule making which conflict with the proposals in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in 47 C. F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached.
