LIABILITY FOR FORFEITURE**

Adopted: February 19, 2008

Released: February 20, 2008

By the Chief, Video Division, Media Bureau:

I. INTRODUCTION

1. In this *Notice of Apparent Liability for Forfeiture* (“NAL”) issued pursuant to Section 503(b) of the Communications Act of 1934, as amended (the “Act”), and Section 1.80 of the Commission’s Rules (the “Rules”),¹ by the Chief, Video Division, Media Bureau pursuant to authority delegated under Section 0.283 of the Rules,² we find that Morris Network of Mississippi, Inc. (the “Licensee”), licensee of Station WXXV-TV, Gulfport, Mississippi (the “Station”), apparently willfully and repeatedly violated Sections 73.3526(e)(11)(i)-(iii) of the Rules, by failing to place in the Station’s public inspection file all required TV issues/programs lists, records concerning its compliance with the children’s programming commercial limits, and Children’s Television Programming Reports.³ Based upon our review of the facts and circumstances before us, we conclude that the Licensee is apparently liable for a monetary forfeiture in the amount of ten thousand dollars (\$10,000).

II. BACKGROUND

2. Section 73.3526 of the Rules requires a commercial broadcast licensee to maintain a public inspection file containing specific types of information related to station operations.⁴ Subsection 73.3526(e)(11)(i) provides that a TV issues/programs list is to be placed in a commercial TV broadcast station’s public inspection file each calendar quarter. In addition, pursuant to subsection 73.3526(e)(11)(ii), each commercial television broadcast station is required to place in its public inspection file, on a quarterly basis, records sufficient to allow substantiation of the licensee’s certification, in its renewal application, of its compliance with the children’s television commercial limits imposed by Section 73.670 of the Rules.⁵ Moreover, as set forth in subsection 73.3526(e)(11)(iii), each commercial television licensee is required to prepare and place in its public inspection file a Children’s Television Programming Report (FCC Form 398) for each calendar quarter reflecting, *inter alia*, the

efforts that it has made during the quarter to serve the educational and informational needs of children. These subsections of Section 73.3526 require licensees to place TV issues/programs lists, records concerning commercial limits and Children's Television Programming Reports for each quarter in the station's public inspection file by the tenth day of the succeeding calendar quarter. Where lapses occur in maintaining the public file, neither the negligent acts nor omissions of station employees or agents, nor the subsequent remedial actions undertaken by the licensee, excuse or nullify the licensee's rule violation.⁶

3. On February 1, 2005, the Licensee filed its license renewal application (FCC Form 303-S) for Station WXXV-TV (the "Application") (File No. BRCT-20050201AAO). In response to Section IV, Question 3 of the Application, the Licensee stated that, during the previous license term, it had failed to timely place in its public inspection file all of the documentation required by Section 73.3526 of the Commission's Rules. In Exhibit 17, the Licensee indicated that in reviewing its public file in preparation for the filing of the Application, it discovered that its Children's Television Programming Reports for the first and second quarters of 1998 were missing. Moreover, the Licensee reported that its TV issues/programs lists and records concerning its compliance with the children's programming commercial limits for all quarters of 1998 were missing from the public file. The Licensee indicated that it believes that these documents were timely placed in the public inspection file and that they were erroneously discarded at a later date. The Licensee claimed that it has recreated most of the missing documents and placed them in the public file. The Licensee also asserted that it has made efforts to ensure future compliance with the public inspection file rules.

III. DISCUSSION

4. The Licensee's failure to retain in its Station WXXV-TV public inspection file all of the required documentation constitutes apparent willful and repeated violations of Sections 73.3526(e)(11)(i), 73.3526(e)(11)(ii), and 73.3526(e)(11)(iii) of the Rules. This *NAL* is issued pursuant to Section 503(b)(1)(B) of the Act. Under that provision, any person who is determined by the Commission to have willfully or repeatedly failed to comply with any provision of the Act or any rule, regulation, or order issued by the Commission shall be liable to the United States for a forfeiture penalty.⁷ Section 312(f)(1) of the Act defines willful as "the conscious and deliberate commission or omission of [any] act, irrespective of any intent to violate" the law.⁸ The legislative history to Section 312(f)(1) of the Act clarifies that this definition of willful applies to both Sections 312 and 503(b) of the Act,⁹ and the Commission has so interpreted the term in the Section 503(b) context.¹⁰ Section 312(f)(2) of the Act provides that "[t]he term 'repeated,' when used with reference to the commission or omission of any act, means the commission or omission of such act more than once or, if such commission or omission is continuous, for more than one day."¹¹

establish a base forfeiture amount of \$10,000 for violation of Section 73.3526.¹² In determining the appropriate forfeiture amount, we may adjust the base amount upward or downward by considering the factors enumerated in Section 503(b)(2)(D) of the Act, including “the nature, circumstances, extent and gravity of the violation, and, with respect to the violator, the degree of culpability, any history of prior offenses, ability to pay, and such other matters as justice may require.”¹³

6. In this case, the Licensee acknowledged that its Children’s Television Programming Reports for the first and second quarters of 1998, TV issues/programs lists, and records concerning its compliance with the children’s programming commercial limits for all quarters of 1998 were missing from the public file. Moreover, the Licensee apparently did not discover these deficiencies until it prepared its Application. Accordingly, we find that the Licensee is apparently liable for a forfeiture in the amount of \$10,000 for its apparent willful and repeated violations of Sections 73.3526(e)(11)(i)-(iii).
