NOTICE OF PROPOSED RULE MAKING
AND
ORDER TO SHOW CAUSE

Adopted: January 9, 2008

Released: January 11, 2008

Comment Date: March 3, 2008

Reply comment Date: March 18, 2008

By the Assistant Chief, Audio Division, and Media Bureau:

1. The Audio Division has before it a petition for rule making filed by L. Dean Spencer (“Petitioner”), proposing to allot Channel 261A at Irvington, Kentucky. Petitioner has concurrently filed a FCC Form 301 new station application¹ for Channel 261A at Irvington, along with a filing fee pursuant to *Revision of Procedures Governing Amendments to FM Table of Allotments and Changes of Community of License in the Radio Broadcast Services*.² Petitioner certifies in its petition, that if the requested FM channel is allotted, it will participate in the auction for the channel.

2. To accommodate the proposed Irvington allotment, Petitioner also requests the substitution of Channel 229A for Channel 261A at French Lick, Indiana and modification of the Station WFLQ (FM) license accordingly. To this end, we are issuing an *Order to Show Cause* directed to Willtronics Broadcasting, licensee of Station WFLQ(FM) to show cause why its license should not be modified to specify operation on Channel 229A. Section 316(a) of the Communications Act of 1934, as amended, permits the Commission to modify an authorization if such action is in the public interest. Further, pursuant to Section 316(a), we are required to notify the affected station of the proposed action, as well as the public interest reasons for the action, and afford at least 30 days to respond. This procedure is set forth in Section 1.87 of the Commission’s rules.³

3. Whenever an existing licensee is ordered to switch frequencies to accommodate a channel allotment, we require the proponent of the channel allotment to make a commitment to reimburse the

affected station for the costs incurred in changing frequencies.⁴ Petitioner states that provided that its construction permit is granted, he will reimburse the licensee of Station WFLQ for reasonable costs associated with changing to Channel 229A at French Lick.

4. In support of the proposal, Petitioner states that Irvington, Kentucky is a community for allotment purposes. It is a city listed in the U.S. Census as a Census Designated Place, with a U.S. Census population of 1,257 persons. It was founded in 1888 by railroad engineer Eugene Cornwell, who named it after his hometown, Irvington, New York. The city of Irvington has a mayor, six-member city council, clerk/treasurer, city attorney, fire chief, police chief, and director of public works. Petitioner also states that Channel 261A can be allotted at the community in accordance with the Commission's minimum distance separation and community coverage requirements as long as the requested substitution of Channel 229A for Channel 261A at French Lick is made.

5. We believe the proposed allotment warrants consideration since it could provide the community of Irvington with its first local aural transmission service, and the required channel substitution would not deprive the community of French Lick of its local aural transmission service.

6. Channel 261A can be allotted at Irvington, Kentucky at a site 13.8 kilometers (8.5 miles) northwest of the community.⁵ Channel 229A can be substituted for Channel 261A at French Lick at Station WFLQ's existing site 5.1 kilometers (3.2 miles) north of the community.⁶

7. Accordingly, we seek comments on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the communities listed below, to read as follows:

	<u>Channel No.</u>	
<u>City</u>	<u>Present</u>	<u>Proposed</u>
Irvington, Kentucky	---	261A

8. Accordingly, IT IS ORDERED, That pursuant to Section 316(a) of the Communications Act of 1934, as amended, Willtronics Broadcasting, licensee of Station WFLQ(FM), SHALL SHOW CAUSE why its license SHOULD NOT BE MODIFIED to specify operation on Channel 229A in lieu of Channel 261A at French Lick, Indiana.

9. Pursuant to Section 1.87 of the Commission's Rules, Willtronics Broadcasting., licensee of Station WFLQ(FM), may, no later than March 18, 2008 file a written statement showing with particularity why its construction permit should not be modified as proposed in this *Notice of Proposed Rule Making and Order to Show Cause*. The Commission may call upon the licensee to furnish additional information. If the licensee raises any substantial and material questions of fact, a hearing may be required to resolve such questions of fact pursuant to Section 1.87 of the Rules. Upon review of the statements and/or additional information furnished, the Commission may grant the modification, deny the modification, or set the matter of modification for hearing. If no written statement is filed by the date referred to above, the licensee will be deemed to have consented to a modification as proposed in this *Notice of Proposed Rule Making and Order to Show Cause* and a final Order will be issued if the modification is found to be in the public interest.

14. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.⁷ This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198,
