PLEADING CYCLE ESTABLISHED

CC Docket No. 99-200
CC Docket No. 95-116

Comment Date: July 06, 2009

The United States Department of Justice, Antitrust Division (the “Department”) “is investigating the proposed acquisition of Centennial Communications Corp. by AT&T Inc.”¹ For the purpose of assisting in that investigation, the Department has requested access to information contained in the Numbering Resource Utilization and Forecast (NRUF) reports filed by wireless telecommunications carriers and to disaggregated, carrier-specific local number portability (LNP) data related to wireless telecommunications carriers.

Section 251 of the Communications Act grants the Commission jurisdiction over the North American Numbering Plan (NANP) and related telephone numbering issues. In order to better monitor the way numbering resources are used within the NANP and efficiently allocate NANP resources, the Commission requires telecommunications carriers to provide the Commission with a utilization report of their current inventory of telephone numbers and a five-year forecast of their numbering resource requirements.² LNP data is collected by the LNP Administrator, and provided to the Commission. The Commission has recognized that disaggregated, carrier-specific forecast and utilization data should be treated as confidential and should be exempt from public disclosure under 5 U.S.C. § 552(b)(4).³

In general, the Commission may share information it has collected with another government agency. 44 U.S.C. § 3510. Section 3510 further provides that all provisions of law that relate to the unlawful disclosure of information apply to the employees of the agency to which the information is

released. Although the Commission's regulations provide that proprietary and commercially sensitive information will be withheld from public disclosure, subject to the public's right to seek disclosure under the Freedom of Information Act and implementing regulations, 5 U.S.C. § 552, 47 C.F.R. § 0.457(d), 0.459(d), the Commission may disclose records to other federal agencies that have been submitted to the Commission in confidence upon another agency's request, 47 C.F.R. § 0.442(d).

The Department states in its request that it is its policy to protect the confidentiality of sensitive information and to prevent it from being shared among competitors. The Department further states that the information requested will be used only for a legitimate law enforcement purpose and that it will not disclose such sensitive information unless it is required by law or is necessary to further a legitimate law enforcement purpose. The Department maintains that if it is necessary to enclose any confidential business information in court filings, its policy is to notify the affected party as soon as is reasonably practical, to seek to file such information under seal, and to make reasonable efforts to limit disclosure of the information until the affected party has had an opportunity to appear before the court and the court has ruled on any request by the affected party.

The Department further states that if a request is made under the Freedom of Information Act for the disclosure of confidential information, it is the Department's policy to assert all applicable exemptions and to use its best efforts to provide concerned parties with notice prior to the release of any information. It also states that if confidential business information becomes the subject of discovery in any litigation to which the Department is a party, it is the Department's policy to use its best efforts to ensure that a protective order is entered, and to not voluntarily provide the information until concerned parties have had an opportunity to review and comment on the protective order and to apply to the court for further protection.

Pursuant to the Commission's regulations, affected parties have 10 days from the date of this notice to oppose disclosure of NRUF and LNP data to the Department of Justice. 47 C.F.R. § 0.442. If the Commission receives no opposition from affected parties within 10 days of this notice, the Commission will disclose the information requested above to the Justice Department. If disclosure is opposed, the procedures set forth in 47 C.F.R. § 0.442 shall apply. All pleadings should refer to CC Docket Nos. 99-200 and 95-116. Comments may be filed using (1) the Commission's Electronic Comment Filing System (ECFS), (2) the Federal Government's e-Rulemaking Portal, or (3) by filing paper copies.⁴
