NOTICE OF PROPOSED RULEMAKING

Adopted: July 13, 2009

Released: July 14, 2009

By the Chief, Video Division, Media Bureau:

1. The Commission has before it a petition for rulemaking filed by Community Broadcasting Service (“Community Broadcasting”), the licensee of WABI-DT, digital channel 19, Bangor, Maine. Community Broadcasting requests the substitution of channel 13 for channel 19 at Bangor.¹

2. Community Broadcasting estimates that by substituting channel 13 for digital channel 19, the station will reduce its annual energy costs by over \$100,000, which in turn will permit it to continue its extensive schedule of local programming.² In addition, the licensee explains that if the Commission authorizes it to operate on digital channel 13, the station can utilize a solid state transmitter rather than the tube transmitter presently used, for an additional annual cost savings of \$15,000.³ Furthermore, Community Broadcasting claims that its direct competitors in its market operate on digital channels 2 and 7, thereby allowing them to use less power than WABI-DT.⁴ As a result, the licensee maintains that “[a]llowing WABI[-DT] to operate on a lower channel more in line with other stations in the market would provide similar operating conditions to WABI[-DT] by allowing WABI[-DT] to reduce the cost of electricity” and “would help alleviate any competitive disadvantage resulting from the DTV channel assignments.”⁵

3. DTV channel 13 can be substituted for DTV channel 19 at Bangor, Maine as proposed, in compliance with the principal community coverage requirements of Section 73.625(a) of the Commission’s rules,⁶ at 44-42-13 N. and 69-04-47 W. Since the proposed facility is located within the Canadian coordination zone, concurrence from the Canadian government must be obtained for this allotment. In

¹ Community Broadcasting previously initiated a rulemaking proceeding to substitute channel 12 for digital channel 19 at Bangor. *See Bangor, Maine*, 23 FCC Rcd 11220 (Vid. Div. 2008). The Canadian government, however, objected to the proposed channel substitution. Therefore, on June 3, 2009 Community Broadcasting filed a “Request to Dismiss Petition for Rulemaking,” and the Commission has since granted the request and terminated that rulemaking proceeding.

addition, we find that this channel change meets the technical requirements set forth in Sections 73.616, 73.622(f)(5) and 73.623 of the Commission's rules.⁷ We propose to substitute DTV channel 13 for DTV channel 19 for station WABI-DT at Bangor with the following specifications:

City and State	DTV Channel	DTV Power (kW)	Antenna HAAT (m)
Bangor, Maine	13	12	402

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(i) of the Commission's rules,⁸ for the community listed below, to read as follows:

City and State	Channel No.	
	Present	Proposed
Bangor, Maine	2, 7, 19	2, 7, 13

5. The Commission's authority to institute rulemaking proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. Pursuant to Section 73.623(h) of the rules, mutually-exclusive applicants will be provided a 90-day period of time, from the date of a public notice identifying mutually-exclusive proposals, to resolve their mutual-exclusivity via engineering amendment or settlement.⁹ If we receive an application on or before the date for filing initial comments in this proceeding, which proposes a facility which is mutually-exclusive with the proposal set forth herein, we will issue a public notice and the parties will have 90 days within which to resolve their mutual-exclusivity. If the parties resolve their mutual-exclusivity, we will complete the rulemaking process by issuing the appropriate order. If the parties are unable to resolve their mutual-exclusivity, we will terminate this proceeding and dismiss the maximization application.

6. Pursuant to Sections 1.415 and 1.419 of the Commission's rules, interested parties may file comments on or before [15 days after publication in the Federal Register] and reply comments on or before [25 days after publication in the Federal Register], and are advised to read the Appendix for the proper procedures. messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary.¹⁰ Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rulemaking proceeding to amend the DTV Table of Allotments, Section 73.622(i). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, § 3506(c)(4).

9. For further information concerning the proceeding listed above, contact Adrienne Y. Denysyk, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rulemaking proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rulemaking until the proceeding has been decided and such decision in the applicable docket is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in a particular docket unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the DTV Table of Allotments, 47 C.F.R. Section 73.622(i), as set forth in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of the filings in this proceeding;

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.) Because the Commission has not yet lifted its freeze on the filing of petitions for rulemaking to establish new DTV channel allotments and for changes in community of license,¹¹ we will not consider counterproposals which propose new allotments or changes in community of license.

(b) With respect to petitions for rulemaking which conflict with the proposal in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. The person filing the comments shall serve comments on the petitioners. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A certificate of service shall accompany such comments and reply comments (*see* 47 C.F.R. Section 1.420(a), (b) and (c)). Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.

5. Number of Copies. In accordance with the provisions of 47 C.F.R. Section 1.420, an original and four copies of all comments, reply comments, pleadings, briefs, or other documents shall be
