**NOTICE OF PROPOSED RULE MAKING**

By the Chief, Video Division, Media Bureau:

1. The Commission has before it a petition for rulemaking filed by CBS Stations Group of Texas, L.P. (“CBS Stations Group”) and Television Station KTXA, L.P. (“KTXA L.P.”) (collectively, “Joint Petitioners”),<sup>1</sup> the respective licensees of Fort Worth, Texas stations KTVT(TV), channel 11,<sup>2</sup> and KTXA(TV), channel 19.<sup>3</sup> The Joint Petitioners request the substitution of DTV channel 19 for KTVT(TV)’s assigned DTV channel 11 at Fort Worth and the substitution of DTV channel 29 for KTXA(TV)’s assigned DTV channel 19 at Fort Worth.<sup>4</sup>

2. Joint Petitioners assert that since June 12, 2009, when KTVT(TV) (CBS) began digital operations on its post-transition channel 11, “the station has received thousands of complaints from viewers unable to receive its signal,”<sup>5</sup> and KTVT(TV)’s over-the-air ratings have dropped 57 percent.<sup>6</sup> Furthermore, Joint Petitioners claim that KTVT(TV) is unable to increase its power as a means to alleviate its service difficulties because such an increase would cause prohibited interference to adjacent-channel station KXII(TV) at Sherman, Texas. Additionally, KTVT(TV) has found that instructing viewers to rescan their digital converter boxes or digital television sets has not “proved helpful to a significant number of viewers who have reported difficulties receiving KTVT(TV)’s signal.”<sup>7</sup> As a result, Joint Petitioners believe that the public interest would be best served by moving KTVT(TV) back to its pre-transition DTV channel 19,

<sup>1</sup> Both CBS Stations Group and KTXA L.P. are wholly-owned subsidiaries of CBS Corporation. *Joint Petition for Rulemaking* at 1 n. 2.

<sup>3</sup> FCC File No. BLCDDT-20090612AGF.

<sup>4</sup> As an interim measure, CBS Stations Group has requested special temporary authority for KTVT(TV) to operate on its pre-transition DTV channel 11, while simultaneously operating on its post-transition channel 19. *See* FCC File No. BDSTA-20090716ADK. In addition, KTXA L.P. has requested special temporary authority to discontinue operation on its post-transition DTV channel 19 and instead temporarily resume operations on its pre-transition DTV channel 18. *See* FCC File No. BDSTA-20090716ADJ.

which the station experienced superior service on, and moving KTXA(TV), which currently occupies DTV channel 19,<sup>8</sup> to DTV channel 29. Joint Petitioners maintain that the proposed channel substitutions will not only cure KTVT(TV)'s service problems, but will also increase both stations' predicted service populations.<sup>9</sup>

3. We believe that CBS Stations Group and KTXA L.P.'s proposal warrants consideration. DTV channels 19 and 29 can be substituted for DTV channels 11 and 19 respectively at Fort Worth, Texas, as proposed, in compliance with the principal community coverage requirements of Section 73.625(a) of the Commission's rules,<sup>10</sup> both at coordinates 32-34-43 N. and 96-57-12 W. In addition, we find that the proposed channel changes meet the technical requirements set forth in Sections 73.616, 73.622(f)(5), and 73.623 of the Commission's rules.<sup>11</sup> Because these two proposals are interrelated, we will consider them jointly. Thus, we propose to substitute DTV channel 19 for DTV channel 11 for station KTVT(TV), Fort Worth, Texas, and to substitute DTV channel 29 for DTV channel 19 for station KTXA(TV), Fort Worth, Texas, with the following specifications:

City and State	Call Sign	DTV Channel	DTV Power (kW)	Antenna HAAT (m)
Fort Worth, Texas	KTVT(TV)	19	1000	500
Fort Worth, Texas	KTXA(TV)	29	1000	520

4. Accordingly, we seek comments on the proposed amendment of the DTV Table of Allotments, Section 73.622(i) of the Commission's rules,<sup>12</sup> for the community listed below, to read as follows:

City and State	Channel No.	
	Present	Proposed
Fort Worth, Texas	9, 11, 19, 41	9, 19, 29, 41

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. Pursuant to Section 73.623(h) of the rules, mutually-exclusive applicants will be provided a 90-day period of time, from the date of a public notice identifying mutually-exclusive proposals, to resolve their mutual-exclusivity via engineering amendment or settlement.<sup>13</sup> If we receive an application on or before the date for filing initial comments in this proceeding, which proposes a facility which is mutually-exclusive with the proposal set forth herein, we will issue a public notice, and the parties will have 90 days within which to resolve their mutual-exclusivity. If the parties resolve their mutual-exclusivity, we will complete the rulemaking process by issuing the appropriate order. If the parties are unable to resolve their

Pursuant to Sections 1.415 and 1.419 of the Commission's rules, interested parties may file comments on or before [15 days after publication in the Federal Register] and reply comments on or before [25 days after publication in the Federal Register], and are advised to read the Appendix for the proper procedures. Comments should be filed with the Federal Communications Commission, Office of the Secretary, 445 12th Street, S.W., Washington, D.C. 20554. 7. Parties must file an original and four copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Commercial overnight mail (other than U.S. Postal Service Express Mail or Priority Mail) must be sent to 9300 East Hampton Drive, Capitol Heights, Maryland 20743. U.S. Postal Service first-class mail, Express Mail, and Priority Mail should be addressed to 445 12th Street, S.W., Washington, D.C. 20554. All filings must be addressed to Marlene H. Dortch, Secretary, Federal Communications Commission, Office of the Secretary. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary.<sup>14</sup> Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the DTV Table of Allotments, Section 73.622(i). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, § 3506(c)(4).

9. For further information concerning the proceeding listed above, contact Adrienne Y. Denysyk, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision in the applicable docket is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in a particular docket unless the Commission specifically waives this service requirement. ## APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the DTV Table of Allotments, 47 C.F.R. Section 73.622(i), as set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached.

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of the filings in this proceeding;

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.) Because the Commission has not yet lifted its freeze on the filing of petitions for rulemaking to establish new DTV channel allotments and for changes in community of license,<sup>15</sup> we will not consider counterproposals which propose new allotments or changes in community of license.

(b) With respect to petitions for rule making which conflict with the proposal in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. The person filing the comments shall serve comments on the petitioners. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A certificate of service shall accompany such comments and reply comments (*see* 47 C.F.R. Section 1.420(a), (b) and (c)). Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.

5. Number of Copies. In accordance with the provisions of 47 C.F.R. Section 1.420, an original and four copies of all comments, reply comments, pleadings, briefs, or other documents shall be
