PUBLIC SAFETY AND HOMELAND SECURITY BUREAU SEEKS COMMENT ON REGION 41 (UTAH) 700 MHZ REVISED REGIONAL PLAN

PS Docket No. 06-229 and WT Docket No. 02-378

Comments Due: August 13, 2009

Reply Comments Due: August 24, 2009

Introduction. On July 31, 2007, the Federal Communications Commission (Commission) adopted a *Second Report and Order* revising the rules governing wireless licenses in the 700 MHz band.¹ The Commission adopted a plan for the 700 MHz band to establish a nationwide, interoperable public safety broadband communications network for the benefit of state and local public safety users. The Commission designated the lower half of the 700 MHz public safety band for broadband communications (763-768/793-798 MHz) and consolidated existing narrowband allocations in the upper half of the public safety 700 MHz band (769-775/799-805 MHz).

In revising the band plan for the public safety 700 MHz band, the Commission noted that consolidating the narrowband channels in the upper part of the band will impact approved and pending 700 MHz regional planning committee (RPC) plans (*i.e.*, require that the plans be amended).² The Commission required RPCs with approved plans or plans on file to submit amended plans consistent with the decisions adopted in the *Second Report and Order* by November 23, 2007.³ On November 9, 2007, the Public Safety and Homeland Security Bureau (Bureau) extended the deadline for RPCs to submit

³ As of the adoption date of the *Second Report and Order*, the following regional plans had been approved: Region 5 (Southern California), Region 19 (New England), Region 24 (Missouri), Region 22 (Minnesota), Region 12 (Idaho), Region 29 (Tennessee), Region 43 (Washington), Region 41 (Utah), Region 3 (Arizona), and Region 40 (Northern Texas). The following regional plans were pending as of the adoption date of the *Second Report and Order*: Region 1 (Alabama), Region 27 (Nevada), Region 45 (Wisconsin), Region 7 (Colorado), Region 9 (Florida), Region 16 (Kansas), and Region 20 (Northern Virginia, Maryland and the District of Columbia).

amended plans, consistent with the decisions adopted in the *Second Report and Order*, to January 31, 2008, and provided additional guidance for the development of plan amendments.⁴

Region 41 Plan Amendment Waiver Request. On January 30, 2008, the Region 41 (Utah)⁵ 700 MHz Regional Planning Committee (Region 41) submitted a proposed amendment to its 700 MHz Public Safety Plan for review and approval.⁶ Region 41 concurrently requested a temporary, limited waiver of Section 90.527(a)(3) and (6) of the Commission's rules, 47 C.F.R. §§ 90.527(a)(3), (6) (requiring that regional plans incorporate a general description of how the spectrum would be allotted among the various eligible users, and a detailed description of how the plan put the spectrum to the best possible use).⁷ Region 41 stated that it utilizes the Computer Assisted Pre-allocation Resource and Database (CAPRAD) program as its pre-allotment methodology. However, CAPRAD was not updated to reflect the new consolidated narrowband frequencies prior to the Bureau's plan amendment filing deadline.⁸

On June 2, 2009, Region 41 resubmitted a Revised Plan Amendment to replace its January 30 submission, and provided the consolidated narrowband allotments. As a result, the waiver request is now moot. In addition, Region 41 provided evidence of coordination with its five adjacent regions; Region 3 (Arizona), Region 7 (Colorado), Region 27 (Nevada), Region 29 (New Mexico), and Region 46 (Wyoming).⁹

Region 41 Revised Plan Amendment. The Revised Plan Amendment corrects all references to the former General Use band with references to the new narrowband consolidated band, and includes a new Appendix C – Chart of Frequency Assignments. The frequency assignment chart reflects allocations in the new consolidated narrowband segments 769-775 MHz and 799-805 MHz.¹⁰

Interested parties may file comments on the Revised Plan Amendment on or before **August 13, 2009**. Parties interested in submitting reply comments must do so on or before **August 24, 2009**. All comments and reply comments should reference the subject plan amendment and **PS Docket No. 06-229** and **WT Docket No. 02-378**. Comments and reply comments may be filed by using (1) the Commission's Electronic Comment Filing System (ECFS), (2) the Federal Government's eRulemaking Portal, or (3) by filing paper copies. *See* Electronic Filing of Documents in Rulemaking Proceedings, 63 FR 24121 (1998).
