PLEADING CYCLE ESTABLISHED FOR STI PREPAID, LLC PETITION REGARDING CUSTOMER AUTHENTICATION PROVISIONS OF CPNI RULES

CC Docket No. 96-115
WC Docket No. 04-36

Comment Date: October 26, 2009
Reply Comment Date: November 10, 2009

The Wireline Competition Bureau seeks comment on a petition filed on August 4, 2009 by STi Prepaid, LLC (STi Prepaid) pursuant to sections 1.2 and 1.3 of the Commission's rules.¹ STi Prepaid asks the Commission to issue a declaratory ruling confirming that telecommunications carriers providing service via prepaid calling cards satisfy the requirement to authenticate a customer under the Commission's customer proprietary network information (CPNI) rules when the customer can provide the personal identification number (PIN) associated with the long distance services and related CPNI.² In the alternative, STi Prepaid requests that the Commission find good cause to waive its CPNI rules to allow telecommunications carriers providing services through the use of prepaid calling cards to use a customer-provided PIN as authentication of that customer in satisfaction of the Commission's requirements.³

The CPNI rules were adopted by the Commission in the *EPIC CPNI Report and Order* released on April 2, 2007.⁴ According to STi Prepaid, given the nature of prepaid long distance services, STi Prepaid does not have sufficient information regarding the consumers using its long distance services to authenticate customer-initiated telephone requests for call detail information, as required by the Commission's CPNI rules.⁵

Interested parties may file comments on STi Prepaid's petition for declaratory ruling, or in the alternative, petition for waiver on or before **October 26, 2009** and reply comments on or before **November 10, 2009**. All pleadings should reference **CC Docket No. 96-115** and **WC Docket No. 04-36**.
