### **Section 214 Application** **Applicant: Network PTS, Inc.**

On December 9, 2008, Network PTS, Inc. (Network PTS or Applicant), located at **379 Diablo Road, Suite 212, Danville, CA 94526**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain telecommunications services in all states except Alaska, Alabama, Colorado, Connecticut, Delaware, Maryland, Rhode Island, South Carolina, South Dakota, Vermont, and West Virginia. By amendments filed December 18, 2008 and January 29, 2009, Network PTS corrected certain deficiencies in its initial application. Accordingly, Network PTS's application is deemed complete as of January 29, 2009.

Network PTS indicates that it currently provides resold domestic interstate and international toll services including operator services to pay telephone aggregator locations in all of the above mentioned states. Network PTS asserts that it has faced tremendous competition which has caused its customer base attrition. Consequently, Network PTS indicates that it intends to discontinue its provision of these services in the above mentioned states.<sup>1</sup> According to Network PTS, the anticipated date for the proposed discontinuance is December 31, 2008, or as soon as possible thereafter. Network PTS asserts that customers should be able to receive the same service or a reasonable substitute from a wide array of other carriers throughout the country. Network PTS indicates that it informed all affected customers of the proposed discontinuance by letters sent via first class U.S. Mail on November 24, 2008, in compliance with section 63.71 of the Commission's rules. Network PTS asserts that it is considered non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, Network PTS's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Network PTS that the grant will not be automatically effective. In Network PTS's application, Network PTS indicates that it anticipates discontinuing service on December 31, 2008 or as soon as possible thereafter. Accordingly, pursuant to section 63.71(c) and the terms of Network
