NOTICE OF PROPOSED RULE MAKING

Adopted: October 21, 2009

Released: October 23, 2009

Comment Date: December 14, 2009

Reply Comment Date: December 29, 2009

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rulemaking filed by Kona Coast Radio, LLC ("Petitioner"), requesting the allotment of FM Channel 296C3 at Kahuku, Hawaii. The Petitioner states its intention to apply for the channel, if allotted. In compliance with the Commission's new procedures, the Petitioner concurrently filed a construction permit application for the requested channel at Kahuku, Hawaii, and paid the necessary filing fee.

2. The Petitioner contends that Kahuku is a community deserving of a new broadcast service. In support of this position, the Petitioner states that Kahuku is located on the northern point of the island of Oahu and is a Census Designated Place with a population of 2,097 persons. The Petitioner contends that Kahuku has many businesses, churches, and civic organizations, as well as its own police and fire departments. In addition, the Petitioner notes that the community has an elementary school, middle school, and high school.

3. The proposal warrants consideration because Channel 296C3 could provide a first local aural service to Kahuku. A staff engineering analysis reveals that Channel 296C3 can be allotted to Kahuku in compliance with the Commission's minimum distance separation requirements without the need for a site restriction. The reference coordinates for proposed Channel 296C3 at Kahuku are 21-40-48 NL and 157-57-03 WL.

1 See File No. BNPB-20090723AED.

2 Although the rulemaking petition contends that the proposed allotment would be a first commercial FM service at Kahuku, a staff engineering analysis reveals that there are no AM or FM licenses or construction permits for that community. We note that an application (File No. BNPED-20071018AOG) for a noncommercial, educational FM station at Kahuku was part of a mutually exclusive group of applications but was dismissed on May 8, 2009. See Threshold Fair Distribution Analysis of 21 Groups of Mutually Exclusive Applications, 24 FCC Rcd 3973 (MB 2009).

3 47 C.F.R. § 73.207.

4. Accordingly, we seek comment on the proposed amendment of the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Kahuku, Hawaii	---	296C3

5. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached *Appendix* and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the *Appendix* before a channel will be allotted.

6. Pursuant to Sections 1.415 and 1.419 of the Commission's Rules, interested parties may file comments on or before December 14, 2009 and reply comments on or before December 29, 2009, and are advised to read the Appendix for the proper procedures. 7. Parties are requested file an original and four copies of each filing. Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). The Commission's contractor, Natek, Inc., will receive hand-delivered or messenger-delivered paper filings for the Commission's Secretary at 236 Massachusetts Avenue, N.E., Suite 110, Washington, D.C. 20002. The filing hours at this location are 8:00 a.m. to 7:00 p.m. All hand deliveries must be held together with rubber bands or fasteners. Any envelopes must be disposed of before entering the building. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary. See 47 C.F.R. § 1.7. Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.**

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.<sup>4</sup> This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, see 44 U.S.C. 3506(c)(4).

(202) 418-2180. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision in the applicable docket is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (*See* 47 C.F.R. Section 1.420(d).)

(b) With respect to petitions for rule making which conflict with the proposals in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; Service. Pursuant to applicable procedures set out in 47 C. F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached. Comments shall be served on the petitioner by the person filing the comments. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. Such comments and reply comments shall be accompanied by a certificate of service. (*See* 47 C.F.R. Section 1.420(a), (b) and (c).)
