COMMENTS INVITED ON APPLICATION OF VERIZON ENTERPRISE SOLUTIONS LLC AND VERIZON LONG DISTANCE LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 09-24
Comp. Pol. File No. 893

Comments Due: March 16, 2009

Section 214 Application

Applicants: Verizon Enterprise Solutions LLC and Verizon Long Distance LLC

On **December 12, 2008**, **Verizon Enterprise Solutions LLC and Verizon Long Distance LLC**¹ (collectively Verizon or Applicants), located at **1320 North Courthouse Road, Arlington, VA 22201**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of a certain domestic telecommunications service in Arizona. On February 26, 2009, Verizon filed an amendment to its application in order to provide requested supplemental information. Accordingly, Verizon's application is deemed complete as of February 26, 2009.

Verizon indicates that it currently provides stand alone, long distance service (including international, interLATA toll, and intraLATA toll) to mass market customers in Arizona. Verizon asserts however that it has made a business decision to discontinue long distance service throughout its service territory in Arizona.² According to Verizon, the anticipated date for the proposed discontinuance is on or after April 1, 2009, subject to Commission authorization. Verizon asserts that customers should be able to receive long distance service from several alternative providers in Arizona. Verizon also specifically states that four former MCI entities (MCImetro Access Transmissions Services LLC, MCI Communications Services, Inc., Teleconnect Long Distance Services & Systems Company, and TTI National, Inc.) will continue to provide local service and stand alone long distance service to enterprise and mass market customers in Arizona. Verizon indicates that it informed all affected customers of the proposed discontinuance by letters sent via U.S. Mail on December 1, 2008, in accordance with section 63.71 of the Commission's rules. Verizon asserts that it is considered non-dominant with respect to the service to be discontinued.

¹ Verizon states that, on December 1, 2008, NYNEX Long Distance Company (d/b/a Verizon Enterprise Solutions) was converted to the limited liability company named Verizon Enterprise Solutions LLC, and Bell Atlantic Communications, Inc. (d/b/a Verizon Long Distance) was converted to the limited liability company named Verizon Long Distance LLC.

² Discontinuance of international service is governed by 47 C.F.R. § 63.19.

In accordance with section 63.71(c) of the Commission's rules, Verizon's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Verizon that the grant will not be automatically effective. In Verizon's application, Verizon indicates that it anticipates discontinuing service on or after April 1, 2009, subject to Commission authorization. Accordingly, pursuant to section 63.71(c) and the terms of Verizon's application, absent further Commission action, Verizon may terminate its domestic long distance telephone service in Arizona on or after **April 1, 2009**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **March 16, 2009**. Such comments should refer to **WC Docket No. 09-24 and Comp. Pol. File No. 893**. Comments should include specific information about the impact of this proposed discontinuance on the commenter, including any inability to acquire reasonable substitute service. Comments may be filed using the Commission's Electronic Comment Filing System (ECFS) or by filing paper copies. *See Electronic Filing of Documents in Rulemaking Proceedings*, 63 FR 24121 (1998).
