NOTICE OF PROPOSED RULE MAKING

Adopted: June 10, 2010

Released: June 14, 2010

Comment Date: August 5, 2010

Reply Date: August 20, 2010

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Black Hills Broadcasting, L.P. ("Petitioner"), proposing to allocate Channels 243A at Gearhart, Oregon, as Gearhart's first local service. Petitioner filed FCC Form 301 applications proposing allotment of Channels 243A at Gearhart, Oregon,¹ submitting with the application the required filing fee.² Petitioner states that if Channel 243A is allotted at Gearhart, it will participate in the auctions for the allotments and, if it is the successful bidder, it will construct the station.

2. Petitioner states that Gearhart is an incorporated city of 1,189 persons, with its own post office and zip code (97138). Gearhart is governed by a mayor and a five member city council, and the city has its own police department and fire department. Gearhart has an elementary school and a number of businesses, including several with the word "Gearhart" in their business names.

3. A staff engineering analysis indicates that Channel 243A can be allotted at Gearhart, consistent with the minimum distance separation requirements of the Commission's rules, at coordinates 45-57-11 NL and 123-56-14 WL, with a site restriction of 8.2 km (5.1 miles) south of Gearhart. The allotment of Channel 243A at Gearhart could serve the public interest and advance the Commission's allotment priorities by providing a first local transmission service to the community.³ Accordingly, we

2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rule Making* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.

3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(b) Petitions for rule making which conflict with the proposals in this *Notice* will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached.
