NOTICE OF PROPOSED RULEMAKING

By the Associate Chief, Video Division, Media Bureau:

1. The Commission has before it a petition for rulemaking filed by Griffin Licensing, L.L.C. (“Griffin”), the licensee of KWTW-DT, channel 9, Oklahoma City, Oklahoma. Griffin requests the substitution of channel 39 for channel 9 at Oklahoma City.

2. Griffin asserts that it “has experienced significant technical difficulties” since returning to its former VHF analog channel for post transition operations, and that it “has received viewer complaints from throughout the KWTW-DT service area.”¹ Griffin explains that due to its post-transition technical difficulties, it “sought and obtained authority to operate on its pre-transition DTV channel, [c]hannel 39, on an experimental basis,”² and that “Since obtaining such experimental authority, KWTW-DT has experienced a noticeable increase in the number of viewers able to receive the KWTW-DT signal.”³ Griffin, therefore, has concluded that “substituting [c]hannel 39 for [c]hannel 9 at Oklahoma City will substantially resolve the reception issues that KWTW[-DT] viewers have been experiencing.”⁴ Finally, Griffin states that the operation of KWTW-DT on channel 39 at Oklahoma City “is predicted to serve 103.4% of the population served by the former KWTW analog [c]hannel 9 facility.”⁵

3. Channel 39 can be substituted for channel 9 at Oklahoma City, Oklahoma as proposed, in compliance with the principal community coverage requirements of Section 73.625(a) of the

Commission’s rules,⁶ at 35-35-52 N. and 97-29-22 W. In addition, we find that this channel change meets the technical requirements set forth in Sections 73.616, 73.622(f) and 73.623 of the Commission’s rules.⁷

4. We propose to substitute channel 39 for channel 9 for station KWTW-DT at Oklahoma City, Oklahoma with the following specifications:⁸

City and State	DTV Channel	DTV Power (kW)	Antenna HAAT (m)
Oklahoma City, Oklahoma	39	1000	478

5. Accordingly, we seek comments on the proposed amendment of the Post-Transition Table of DTV Allotments, Section 73.622(i) of the Commission’s rules,⁹ for the community listed below, to read as follows:

City and State	Channel No.	
	Present	Proposed
Oklahoma City, Oklahoma	7, 9, *13, 15, 24, 27 33, 40, 50, 51	7, *13, 15, 24, 27, 33, 39, 40, 50, 51

6. The Commission’s authority to institute rulemaking proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. Pursuant to Section 73.623(h) of the rules, mutually-exclusive applicants will be provided a 90-day period of time, from the date of a public notice identifying mutually-exclusive proposals, to resolve their mutual-exclusivity via engineering amendment or settlement.¹⁰ If we receive an application on or before the date for filing initial comments in this proceeding, which proposes a facility which is mutually-exclusive with the proposal set forth herein, we will issue a public notice and the parties will have 90 days within which to resolve their mutual-exclusivity. If the parties resolve their mutual-exclusivity, we will complete the rulemaking process by issuing the appropriate order. If the parties are unable to resolve their mutual-exclusivity, we will terminate this proceeding and dismiss the application.

7. Pursuant to Sections 1.415 and 1.419 of the Commission’s rules, interested parties may file comments on or before [15 days after publication in the Federal Register] and reply comments on or before [25 days after publication in the Federal Register], and are advised to read the Appendix for the

⁷ 47 C.F.R. §§ 73.616, 73.622(f) and 73.623.

⁸ The proposed channel 39 KWTW-DT facility at Oklahoma City exceeds the maximum allowable ERP and antenna height for television stations operating on channels 14-59, in all zones. 47 C.F.R. §73.622(f)(8). However, the proposed facility will not exceed the geographic coverage of the largest licensed station in the market, KAUT-TV, Oklahoma City, Oklahoma and is therefore permissible pursuant to the Commission’s Rules. *Id.* at §73.622(f)(5).

Filings can be sent by hand or messenger delivery, by commercial overnight courier, or by first-class or overnight U.S. Postal Service mail (although we continue to experience delays in receiving U.S. Postal Service mail). All hand-delivered or messenger-delivered paper filings for the Commission’s Secretary must be delivered to FCC Headquarters at 445 12th St., S.W., Room TW-A325, Washington, D.C. 20554. Any filing that is not addressed to the Office of the Secretary will be treated as filed on the day it is received in the Office of the Secretary.¹¹ Accordingly, failure to follow the specified requirements may result in the treatment of a filing as untimely.

9. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rulemaking proceeding to amend the Post-Transition Table of DTV Allotments, Section 73.622(i). This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden “for small business concerns with fewer than 25 employees,” pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198, § 3506(c)(4).

10. For further information concerning the proceeding listed above, contact Adrienne Y. Denysyk, Media Bureau, (202) 418-1600. For purposes of this restricted notice and comment rulemaking proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rulemaking until the proceeding has been decided and such decision in the applicable docket is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in a particular docket unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall

not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in the proceeding.

APPENDIX

1. Pursuant to authority found in 47 U.S.C. Sections 4(i), 5(c)(1), 303(g) and (r), and 307(b) of the Communications Act of 1934, as amended, and 47 C.F.R. Sections 0.61, 0.204(b) and 0.283, IT IS PROPOSED TO AMEND the Post-Transition Table of DTV Allotments, 47 C.F.R. Section 73.622(i), as set forth in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached.
2. Showings Required. Comments are invited on the proposal(s) discussed in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. It should also restate its present intention to apply for the channel if it is allotted and, if authorized, to build a station promptly. Failure to file may lead to denial of the request.
3. Cut-off protection. The following procedures will govern the consideration of the filings in this proceeding;
 - (a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.) Because the Commission has not yet lifted its freeze on the filing of petitions for rulemaking to establish new DTV channel allotments and for changes in community of license,¹² we will not consider counterproposals which propose new allotments or changes in community of license.
 - (b) With respect to petitions for rulemaking which conflict with the proposal in this Notice, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.
 - (c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.
4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rulemaking* to which this *Appendix* is attached. All submissions by parties to this proceeding or by persons acting on behalf of such parties must be made in written comments, reply comments, or other appropriate pleadings. The person filing the comments shall serve comments on the petitioners. Reply comments shall be served on the person(s) who filed comments to which the reply is directed. A certificate of service shall accompany such comments and reply comments (*see* 47 C.F.R. Section 1.420(a), (b) and (c)). Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554.
5. Number of Copies. In accordance with the provisions of 47 C.F.R. Section 1.420, an
