## DOMESTIC SECTION 214 APPLICATION FILED FOR THE TRANSFER OF CONTROL OF IOWA TELECOMMUNICATIONS SERVICES, INC. TO WINDSTREAM CORPORATION

### NON-STREAMLINED PLEADING CYCLE ESTABLISHED

WC Docket No. 10-17

**Comments Due: February 4, 2010**

**Reply Comments Due: February 11, 2010**

On December 21, 2009, Iowa Telecommunications Services, Inc. (Iowa Telecom) and Windstream Corporation (Windstream) (collectively, Applicants) filed an application pursuant to section 63.03 of the Commission's rules<sup>1</sup> seeking approval to transfer control of Iowa Telecom and its subsidiaries to Windstream. Applicants do not seek streamlined treatment for this application.

Iowa Telecom, a publicly-traded Iowa corporation, provides local telephone, long distance, and other services to business and residential customers.<sup>2</sup> Iowa Telecom operates 288 telephone exchanges in Iowa as the incumbent local exchange carrier (LEC).<sup>3</sup> Through its subsidiaries, Iowa Telecom Communications, Inc. and IT Communications, LLC, Iowa Telecom operates as a competitive LEC in all

<sup>1</sup> 47 C.F.R. § 63.03; see 47 U.S.C. § 214. Applicants are also filing applications seeking approval for the transfer of control of associated authorizations for international and wireless services. Iowa Telecom previously filed an application to transfer control of Direct Communications, LLC, formerly a subsidiary of Sherburne Tele Systems, Inc., to Iowa Telecom. *Domestic Section 214 Application Filed for the Acquisition of Assets of Direct Communications, LLC by Iowa Telecommunications Services, Inc.*, WC Docket No. 09-227, Public Notice, DA 09-2621 (filed Dec. 22, 2009). Windstream previously filed a pending domestic 214 application for the transfer of control of NuVox, Inc. to Windstream. *Domestic Section 214 Application Filed for the Transfer of Control of NuVox, Inc. to Windstream Corporation*, WC Docket No. 09-211, Public Notice, DA 09-2523 (filed Dec. 16, 2009). Any action on this domestic section 214 application is without prejudice to Commission action on other related, pending applications.

<sup>2</sup> As of September 30, 2009, Iowa Telecom and its subsidiaries had approximately 255,600 total access lines (214,100 incumbent LEC access lines and 41,500 competitive LEC access lines), 160,000 interexchange (long distance) subscribers, 95,000 broadband DSL customers, 11,800 dial-up Internet access subscribers, and 26,400 video subscribers.

<sup>3</sup> Two of these exchanges are served by Iowa Telecom's incumbent LEC subsidiary, Montezuma Mutual Telephone Company. Two of Iowa Telecom's incumbent LEC study areas include an extension into adjacent geographic areas of Missouri covering, between them, fewer than 70 access lines.

the exchanges in which Qwest is the incumbent LEC in Iowa.<sup>4</sup> Iowa Telecom serves 10 exchanges as an incumbent LEC in Minnesota through its subsidiary Lakedale Telephone Company,. Iowa Telecom also serves 104 exchanges in Minnesota as a competitive LEC through its Lakedale Link, Inc. and Lakedale Link, LLC subsidiaries and majority-owned EN-TEL Communications, LLC subsidiary.

Windstream, a publicly-traded Delaware corporation with no 10 percent or greater interest holders, provides incumbent and competitive LEC services and long distance services primarily in rural areas in 16 states.<sup>5</sup> Windstream, through its subsidiaries, provides local and long distance telephone services to approximately three million residential and business access lines, broadband and high-speed data services to more than one million customers, and video services through a partnership with DISH. Iowa Telecom and Windstream provide service as incumbent LECs in three adjacent markets: Iowa Telecom's Percival exchange is adjacent to Windstream's Nebraska City, NE and Union, NE exchanges; Iowa Telecom's Thurman exchange is adjacent to Windstream's Union, NE and Murray, NE exchanges; and Iowa Telecom's Redding exchange is adjacent to Windstream's Grant City, MO and Allendale, MO exchanges.

On November 23, 2009, Iowa Telecom and Windstream, and Buffalo Merger Sub, Inc. (Buffalo), a Delaware corporation and direct wholly owned subsidiary of Windstream, signed an Agreement and Plan of Merger (Agreement) providing for the merger of Iowa Telecom and Buffalo. Pursuant to the terms of the Agreement, Iowa Telecom will merge with and into Buffalo, with Buffalo to be the surviving corporation following the closing of the merger. After consummation, Buffalo will be renamed Windstream Iowa Communications, Inc.

Applicants state that a grant of this application will serve the public interest, convenience, and necessity. Applicants state that the proposed transaction will have no immediate, adverse affect on the rates for service that customers currently experience. Applicants maintain that the proposed transaction will strengthen Windstream's position as a competitive LEC outside of its incumbent LEC footprint. Applicants contend that the proposed transaction will result in efficiencies and economies of scale that will improve the combined company's economic viability, and thus, its ability to attract financing to invest in and offer new services.

## **GENERAL INFORMATION**

The transfer of control identified herein has been found, upon initial review, to be acceptable for filing as a non-streamlined application. The Commission reserves the right to return any transfer application if, upon further examination, it is determined to be defective and not in conformance with the Commission's rules and policies.
