We will permit persons submitting such documents and information to designate those materials as Highly Confidential and, as specified in the *Second Protective Order*, we will limit access to such materials to Outside Counsel of Record, their employees, and Outside Consultants and experts whom they retain to assist them in this proceeding. We find that such materials are necessary to develop a more complete record on which to base the Commission's decision in this proceeding and therefore require their production. We are mindful of the highly sensitive nature of all information, documents, and data described in this letter, but we must also protect the right of the public to participate in this proceeding in a meaningful way. We conclude that the protections adopted in the *Second Protective Order* give appropriate access to the public while protecting the Applicants' competitively sensitive information, and thereby will serve the public interest.

We agree that the information that you describe in your letter falls within categories of Highly Confidential Information for which the Media Bureau already has granted enhanced protection in the *Second Protective Order* and the Bureau's April 30, 2010³ and June 11, 2010⁴ letters supplementing the *Second Protective Order*. Accordingly, to the extent that the Submissions contain information, data or documents (or portions thereof) that both fall within the categories of information listed below and contain Highly Confidential Information, as defined in the *Second Protective Order*⁵, then such information and documents (or portions thereof) may be designated and submitted as "Highly Confidential" under the *Second Protective Order*.
