**ORDER PROPOSING MODIFICATION**

**Adopted: July 29, 2010**

**Released: July 30, 2010**

By the Deputy Chief, Mobility Division, Wireless Telecommunications Bureau:

**I. INTRODUCTION**

1. By this *Order Proposing Modification*, we initiate a proceeding to modify the license of Fred Vetter (Vetter) for Private Land Mobile Radio (PLMR) Station WPVZ929 to change the station's frequencies as detailed below. We take this action in furtherance of ensuring compliance with Commission rules.

**II. BACKGROUND**

2. Vetter is the licensee of PLMR Station WPVZ929 in Bowling Green, Ohio, which is authorized to operate on the frequency pair 810.6125/855.6125 MHz. Under the provisions of the Commission's 800 MHz rebanding proceeding, Vetter must retune Station WPVZ929 from frequency pair 810.6125/855.6125 MHz to frequency pair 816.5125/861.5125 MHz at Sprint's expense.<sup>1</sup> Pursuant to the terms of Commission's 800 MHz *Second Report and Order*,<sup>2</sup> and the Implementation

<sup>1</sup> See *Improving Public Safety Communications in the 800 MHz Band, Report and Order, Fifth Report and Order, Fourth Memorandum Opinion and Order, and Order*, 19 FCC Rcd 14969 (2004); *Erratum*, WT Docket No. 02-55 (rel. Sep. 10, 2004); *Second Erratum*, 19 FCC Rcd 19651 (2004); *Third Erratum*, 19 FCC Rcd 21818 (2004) (*800 MHz Report and Order*); *Supplemental Order and Order on Reconsideration*, 19 FCC Rcd 25120 (2004); *Erratum*, WT Docket No. 02-55 (rel. <sup>2</sup> *800 MHz Second Report and Order*, 23 FCC Rcd at 7619-21 ¶¶ 37-41.

Plan established by the 800 MHz Transition Administrator,<sup>3</sup> Vetter was required to submit a cost estimate for this retuning by January 12, 2009.

3. In the *800 MHz Report and Order*, the Commission charged all parties with a duty to act in good faith and warned parties that failure to act in good faith could result in license modification and involuntary relocation.<sup>4</sup> Despite repeated urging on the part of the 800 MHz Transition Administrator, to date Vetter has failed to provide either the requisite cost estimate to Sprint Nextel or to request additional time to complete planning from the Public Safety and Homeland Security Bureau.<sup>5</sup>

### III. DISCUSSION

4. Based on the information before us, we conclude that Vetter has failed to act in good faith and that the license for Station WPVZ929 should be modified to remove its authorization to operate on frequency pair 810.6125/855.6125 MHz and add an authorization to operate on frequency pair 816.5125/861.5125 MHz.

5. In accordance with Section 1.87(a) of the Commission's Rules,<sup>6</sup> we will refrain from issuing an order modifying Station WPVZ929 until Vetter has received this notice of our proposed action and has had an opportunity to file a protest. To protest the modification, Vetter must, within thirty days of the release date of this *Order Proposing Modification*, submit a written statement which protests the proposed modification by demonstrating that it is not in the public interest. The protest must be filed with the Office of the Secretary, Federal Communications Commission, 445 Twelfth Street, S.W., Room TW-A325, Washington, DC 20554.<sup>7</sup> In addition, please provide an electronic copy of any written statement to Roberto Mussenden, Policy Division, Public Safety and Homeland Security Bureau, at [Roberto.Mussenden@fcc.gov](mailto:Roberto.Mussenden@fcc.gov).

All costs associated with relocating to the new frequency pair must be borne by Vetter.
