**I. COST ALLOCATION MANUAL FILING**

1. The Commission has received a revised cost allocation manual (CAM) from the National Exchange Carrier Association, Inc. (NECA). The revisions reflect changes that occurred during 2009. Specifically, changes were made to Section I: Introduction, and Section VI: Cost Allocation Tables. The Section I changes were made to improve reporting accountability reflecting new activity centers. In addition, a change in accounting procedures required the elimination of depreciation items in the Summary of Cost Pool Reassignments. The changes to Section VI include a modification in the Disbursements Apportionment definition as a result of a new financial system. In addition, Depreciation and Insurance were eliminated from the Cost Apportionment Table and Methodology section because these are not actual activities.

This matter shall be treated as a "permit-but-disclose" proceeding in accordance with the Commission's *ex parte* rules.<sup>1</sup> Persons making oral *ex parte* presentations are reminded that memoranda summarizing the presentations must contain summaries of the substance of the presentations and not merely a listing of the subjects discussed.
