NOTICE OF PROPOSED RULE MAKING

Adopted: March 24, 2010

Released: March 26, 2010

Comment Date: May 17, 2010

Reply Date: June 1, 2010

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Sunnylands Broadcasting, LLC (“Petitioner”), proposing to allot Channel 284A at Amboy, California. The purpose of the requested allotment is to maintain Amboy’s first local service. Petitioner is the auction winner of Permit MM-FM633-A in Auction 79, for Channel 237A, Amboy, but the station has neither been constructed nor become operational. Petitioner has submitted a Form 301 application for a construction permit, proposing a minor change in its winning bid by modifying the allotment from Channel 237A, Amboy, California, to Channel 238A, Twentynine Palms, California.¹ Concurrently, Petitioner submitted a petition for rule making to allot Channel 284A at Amboy, in order to maintain a first local service at that community. Petitioner also submitted a Form 301 with the requisite fee seeking authority to construct FM Channel 284A at Amboy.²

2. We believe that the proposal to allot Channel 284A at Amboy, California, warrants consideration. The proposed allotment will maintain a potential first local service at Amboy while accommodating Petitioner’s proposed change of community of license from Channel 237A at Amboy to Channel 238A at Twentynine Palms, California, thereby also providing a fifth potential local service to Twentynine Palms. Because Petitioner is not yet providing service at Amboy, nor has Petitioner constructed facilities to provide such service, this “backfill” proposal is consistent with the policy articulated in *Pacific Broadcasting of Missouri LLC*.³

3. A staff engineering analysis indicates that Channel 284A can be allotted at Amboy, consistent with the minimum distance separation requirements of the Commission's rules, at the coordinates for the existing allotment: 34-36-00 NL and 115-40-52 WL, with a site restriction of 7.5 km (4.6 miles) northeast of the community. In addition, concurrence by the Government of Mexico is required for the allotment of Channel 284A at Amboy, California, because the proposed allotment is located within 320 kilometers (199 miles) of the U.S.-Mexican border. Accordingly, we seek comment on amendment of the FM Table of Allotments, 47 C.F.R. Section 73.202(b), to allot Channel 284A at Amboy, California:

7. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to a rule making proceeding to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules.⁵ This document does not contain proposed information collection requirements subject to the Paperwork Reduction Act of 1995, Public Law 104-13. In addition, therefore, it does not contain any proposed information collection burden "for small business concerns with fewer than 25 employees," pursuant to the Small Business Paperwork Relief Act of 2002, Public Law 107-198.⁶

However, any new written information elicited from such a request or any summary of any new information shall be served by the person making the presentation upon the other parties to the proceeding in the particular docket unless the Commission specifically waives this service requirement. Proponent(s) will be expected to answer whatever questions are presented in initial comments. The proponent of a proposed allotment is also expected to file comments even if it only resubmits or incorporates by reference its former pleadings. 3. Cut-off protection. The following procedures will govern the consideration of filings in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered, if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments (*see* 47 C.F.R. Section 1.420(d).)

(b) Petitions for rule making which conflict with the proposals in this *Notice* will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. Comments and Reply Comments; service. Pursuant to applicable procedures set out in 47 C.F.R. Sections 1.415 and 1.420, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this *Appendix* is attached.
