## **COMMENTS INVITED ON APPLICATION OF VERIZON LONG DISTANCE LLC TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES**

**WC Docket No. 10-116**  
**Comp. Pol. File No. 931**

**Comments Due: June 11, 2010**

### **Section 214 Application**

**Applicant: Verizon Long Distance LLC**

On **April 26, 2010**, **Verizon Long Distance LLC** (Verizon or Applicant), located at **One Verizon Way, Mail Code: VC22E243, Basking Ridge, NJ 07920**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Arizona, California, Colorado, Connecticut, Delaware, Florida, Idaho, Illinois, Indiana, Iowa, Maine, Massachusetts, Michigan, Minnesota, Missouri, Nevada, New Hampshire, New Jersey, New Mexico, New York, North Carolina, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Texas, Utah, Vermont, Virginia, Washington, West Virginia and Wisconsin (collectively Service Areas).

Verizon indicates that it currently provides SmartTouch prepaid long distance service in the Service Areas. Verizon explains that SmartTouch is a prepaid long distance service that allows customers to prepay the amount of money they anticipate spending on long distance calls, including international calls, each month. Verizon further explains that the customer's actual long distance expenses are then deducted from that amount. Verizon adds that when placing long distance calls, SmartTouch customers receive notice of the funds remaining in their SmartTouch account and have the option of adding additional funds to their account as needed to place additional long distance calls. Verizon states that it plans to discontinue SmartTouch prepaid long distance service in the Service Areas on or after July 1, 2010, subject to regulatory approval.<sup>1</sup> Verizon, however, maintains that the public convenience and necessity will not be impaired by the proposed discontinuance because there are many alternative providers of long distance services nationwide. Verizon indicates that it mailed notice of the proposed discontinuance to all affected customers on April 26, 2010. Verizon states that it is considered non-dominant with respect to the services to be discontinued.

In accordance with section 63.71(c) of the Commission's rules, Verizon's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies Verizon that the grant will not be automatically effective. In its application and notice to customers, Verizon indicates that it anticipates discontinuing service on or after July 1, 2010,

<sup>1</sup> Discontinuance of international service is governed by 47 C.F.R. § 63.19.

subject to regulatory approval. Accordingly, pursuant to section 63.71(c) and the terms of Verizon's application and notice, absent further Commission action, Verizon may terminate its SmartTouch prepaid long distance service in the affected Service Areas on or after **July 1, 2010**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **June 11, 2010**. Such comments should refer to **WC Docket No. 10-116 and Comp. Pol. File No. 931**.
