**COMMENTS INVITED ON APPLICATION OF ADVANCED COMMUNICATIONS
TECHNOLOGY & SERVICES, INC. D/B/A CAUSEBOX TO DISCONTINUE
INTERCONNECTED VOIP SERVICES**

WC Docket No. 11-127
Comp. Pol. File No. 999

Comments Due: August 10, 2011

On July 15, 2011, Advanced Communications Technology & Services, Inc. d/b/a CauseBox (CauseBox or Applicant), located at 777 Rivendell Lane, Alpharetta, Georgia 30004, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain interconnected Voice over Internet Protocol (VoIP) services in Georgia.¹

CauseBox indicates that it currently offers interconnected VoIP services to just one customer in the state of Georgia. CauseBox states that its interconnected VoIP services include local, intrastate, interstate and international calling. CauseBox explains that it enrolled only three VoIP phone lines as customers with proto-type field units in preparation for the rollout of its interconnected VoIP services in Georgia. CauseBox states that its own offices constituted two of those lines and that it has had only one customer located in the state of Georgia. CauseBox submits, however, that delays beyond its control in bringing the product to market resulted in its targeted pricing being obsolete prior to rollout, so it now plans to discontinue its provision of interconnected VoIP services to its single customer in Georgia and cease operations entirely on July 30, 2011, subject to Commission approval.² CauseBox maintains, however, that it has made arrangements with its wholesale VoIP provider, OneStream Networks, LLC (OneStream), to provide that all services to the customer be transitioned to OneStream so that there will not be any disruption in service upon CauseBox's discontinuance. CauseBox states that it sent notification letters dated July 7, 2011 to the affected customer regarding the proposed discontinuance. CauseBox asserts that notice was sent in accordance with the requirements of section 63.71(a) of the Commission's rules by letter and also by electronic mail. CauseBox indicates that it plans to discontinue interconnected VoIP services and understands that the application will be processed under the Commission's rules for non-dominant providers.

In accordance with section 63.71(c) of the Commission's rules, CauseBox's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the

¹ CauseBox's application was subsequently received in the Competition Policy Division of the Wireline Competition Bureau on July 18, 2011.

² Discontinuance of international service is governed by 47 C.F.R. § 63.19.

Commission notifies CauseBox that the grant will not be automatically effective. In the application and customer notice, CauseBox indicates that it plans to discontinue interconnected VoIP services in Georgia on July 30, 2011, subject to Commission authorization. Accordingly, pursuant to section 63.71(c), absent further Commission action, CauseBox may terminate its provision of interconnected VoIP services and discontinue its operations in Georgia on or after **August 26, 2011**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a “permit but disclose” proceeding for purposes of the Commission’s ex parte rules, 47 C.F.R. §§ 1.1200-1.1216.
