COMMENTS INVITED ON APPLICATION OF DIGITAL TELECOMMUNICATIONS INC. TO DISCONTINUE DOMESTIC TELECOMMUNICATIONS SERVICES

WC Docket No. 11-2
Comp. Pol. File No. 970

Comments Due: January 20, 2011

Section 214 Application Applicant: Digital Telecommunications Inc.

On December 17, 2010, **Digital Telecommunications Inc.** (DTI or Applicant), located at **111 Riverfront, Suite 305, Winona, Minnesota 55987**, filed an application with the Federal Communications Commission (FCC or Commission) requesting authority, under section 214 of the Communications Act of 1934, as amended, 47 U.S.C. § 214, and section 63.71 of the Commission's rules, 47 C.F.R. § 63.71, to discontinue the provision of certain domestic telecommunications services in Iowa and Minnesota (collectively Service Areas).¹

DTI indicates that it currently provides local exchange, interexchange and international services to business and residential customers in the Service Areas. DTI specifies that its services include facility-based local and long distance service, high speed data connectivity such as DSL, T1 and Ethernet, other telecommunications-related products, and similar resold telecommunications services purchased from other carriers. DTI, however, states that it filed a petition for reorganization under Chapter 11 of the Bankruptcy Code in the United States Bankruptcy Court for the District of Minnesota on August 17, 2010, and that it is financially unable to continue operations. Consequently, DTI indicates that it now plans to discontinue services to all of its customers, disconnect its interconnections with other carriers, cancel its certificates and cease operations on January 13, 2011.² DTI maintains that the proposed discontinuance of these services will not adversely affect the public convenience and necessity because the affected customers have a reasonable opportunity to transition to alternative service providers and a wide range of alternative voice and data local exchange and interexchange services from which to choose. DTI indicates that, on December 9, 2010, it mailed notice of the proposed discontinuance to affected customers via First Class U.S. Mail in accordance with the requirements of section 63.71(a) of the Commission's rules, and that it also posted a copy of customer notices on its website at www.pickDTI.com. DTI asserts that it also intends to directly contact remaining customers on or about January 6, 2011 in order to assist with any transition issues. DTI states that it is considered non-dominant with respect to the services to be discontinued.

¹ DTI's application was determined to be in red light status, but DTI subsequently forwarded required information regarding its bankruptcy and its red light status has since been cleared.

² Discontinuance of international service is governed by 47 C.F.R. § 63.19.

In accordance with section 63.71(c) of the Commission's rules, DTI's application will be deemed to be granted automatically on the 31st day after the release date of this public notice, unless the Commission notifies DTI that the grant will not be automatically effective. Accordingly, pursuant to section 63.71(c), absent further Commission action, DTI will automatically receive authority to terminate the affected services in the Service Areas on or after **February 5, 2011**. The Commission normally will authorize proposed discontinuances of service unless it is shown that customers or other end users would be unable to receive service or a reasonable substitute from another carrier, or that the public convenience and necessity would be otherwise adversely affected.

This proceeding is considered a "permit but disclose" proceeding for purposes of the Commission's ex parte rules, 47 C.F.R. §§ 1.1200-1.1216. Comments objecting to this application must be filed with the Commission on or before **January 20, 2011**. Such comments should refer to **WC Docket No. 11-2 and Comp. Pol. File No. 970**.
