MEMORANDUM OPINION AND ORDER

Adopted: September 14, 2011

Released: September 14, 2011

By the Chief, Media Bureau:

## I. INTRODUCTION

1. The Media Bureau (“Bureau”) has under consideration the captioned transfer and assignment applications (the “Applications”), as amended,<sup>1</sup> in connection with a proposed transaction whereby a wholly-owned subsidiary of Cumulus Media, Inc. (“CMI”) will acquire control of Citadel Broadcasting Corporation (“Citadel”).<sup>2</sup> The Applications contemplate a transfer of control of 228 radio stations currently licensed to the Citadel Subsidiaries to CMI. Pursuant to the Agreement and Plan of Merger (“Merger Agreement”) between the parties, Citadel will become a wholly-owned subsidiary of CMI.<sup>3</sup> In addition, because of the proposed distribution of CMI stock to current Citadel stockholders and to new investors in CMI as described below – *i.e.*, Crestview Radio Investors, LLC (“Crestview”), investors acquiring stock through MIHI, LLC (“MIHI”),<sup>4</sup> and investors acquiring stock through UBS Securities, LLC (“UBS”)<sup>5</sup> – the new stockholders will acquire control of CMI from its current owners.

---

<sup>1</sup> By Public Notice dated April 14, 2011, the Bureau announced permit-but-disclose *ex parte* status for the applications. *Citadel Broadcasting Corporation and Cumulus Media, Inc. Seek Approval to Transfer Control of and Assign FCC Authorizations and Licenses*, Public Notice, 26 FCC Rcd 5916 (MB 2011). A list of the stations that are the subject of the proposed assignments and transfers and, for each, its call sign, community of license, facility ID number and assignment or transfer application file number is attached as an Appendix hereto.

<sup>2</sup> Specifically, the following licensees are subject to the proposed transfer of control: Radio License Holding CBC, LLC; Radio Licensing Holding I, LLC; Radio Licensing Holding II, LLC; Radio License Holding III, Inc.; Radio License Holding IV, LLC; Radio License Holding V, LLC; Radio License Holding VI, LLC; Radio License Holding VII, LLC; Radio License Holding VIII, LLC; Radio License Holding IX, LLC; Radio License Holding X, LLC; Radio License Holding XI, LLC; and Radio License Holding XII, LLC, all indirect subsidiaries of Citadel (the “Citadel Subsidiaries”); Cumulus Licensing, LLC (“CLL”), an indirect subsidiary of CMI; Susquehanna Radio Corp.; CMP KC Licensing, LLC; KPLX LICO, Inc.; and KLIF LICO, Inc., all indirect subsidiaries of Cumulus Media Partners, LLC (“CMP”).

CMP is a private partnership created in 2005 by CMI and Blackstone FC Communications Partners, L.P. (“BFCCP”), Blackstone Communications, FCC L.L.C., Blackstone FC, Capital Partners IV L.P., Blackstone FC Capital Partners IV-A L.P., Blackstone Family FCC L.L.C., and Blackstone Participation FCC L.L.C. (collectively, “Blackstone”), Bain Capital Partners, LLC (“Bain”), and Thomas H. Lee Partners, L.P. (“Lee”). CMP and its indirect subsidiaries, pursuant to prior staff grant of six *pro forma* applications, became wholly-owned subsidiaries of CMI on August 2, 2011, the date of consummation (the “CMI Subsidiaries”). See File Nos. BTCH-20110214AEZ *et seq.*, BTCH-20110214AFX *et seq.*, BTCH-20110214AGC, BTC-20110214AGD, BTCH-20110214AGE *et seq.*, (granted on February 23, 2011) and BTCFT-20110215ADP & ADQ (granted on April 21, 2011). See *Letter to David M. Silverman, Esq., and Andrew S. Kersting, Esq.*, Reference 1800B3-BSH (MB Apr. 21, 2011)).

<sup>3</sup> Two other entities, Cumulus Media Holdings, Inc. (“CMHI,” *aka* Cadet Holding Corporation), a wholly-owned subsidiary of CMI, and Cadet Merger Corporation (“Cadet”), a wholly-owned subsidiary of CMHI, created for the purpose of effectuating the merger, are parties to the Merger Agreement. See “Agreement and Plan of Merger,” at p.1 and at Section 6.12; *see also, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section II, Question 4, Exhibit 6 p.1. As described below, the transfer of control of the Citadel Subsidiaries will be effectuated by the merger of Cadet with and into Citadel. Once this occurs, the separate corporate existence of Cadet will cease, and Citadel will continue as the surviving licensee corporation. Citadel will thus become a wholly-owned subsidiary of CMHI, which in turn, will continue to be a wholly-owned subsidiary of CMI.

<sup>4</sup> As described below, MIHI will be entitled to syndicate CMI Class A Common Stock to third parties (the “Macquarie Investors”). See, *e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section II, Question 4, Exhibit 6, pp. 2-3.

<sup>5</sup> UBS will also be entitled to syndicate to third parties (the “UBS Investors”). See *id.*

2. Because the proposed transaction involves a greater-than-50% change in the stock ownership of CMI and a transfer of control of CMI's 339 radio stations and Citadel's 228 radio stations, the parties have sought Commission approval of a substantial change in ownership, requiring "long-form" applications pursuant to Section 309(c)(2)(B) of the Communications Act of 1934, as amended (the "Act"), and Section 73.3540 of the Commission's Rules (the "Rules").<sup>6</sup> Radio market overlaps in the holdings of the two companies will require that six radio stations be divested to comply with the Commission's radio ownership rule.<sup>7</sup> In addition, the proposed transfer of control of CMI and Citadel to the new stockholders of CMI will terminate the licensees' ability to maintain certain grandfathered ownership interests in another eight radio stations in seven markets that do not comply with that rule. To resolve these issues, the captioned applications include applications for consent to the proposed assignment of a total of 14 radio station licenses to a divestiture trust for sale to an independent third-party or third-parties (the "Trust Applications").<sup>8</sup> Volt Radio, LLC ("Volt") is Trustee of the RLH Divestiture Trust, and its sole member is Scott Knoblauch. Citadel and CMI would hold no interest in this trust, which is insulated from their control in accordance with the Commission's insulation criteria. The Applications are the subject of Comments which do not oppose the proposed merger.<sup>9</sup>

3. In addition to Commission review, the proposed transaction is subject to review by the U.S. Department of Justice ("DOJ") in cooperation with the Federal Trade Commission under the federal antitrust laws.<sup>10</sup> On September 8, 2011, DOJ filed a Complaint and related filings that are in the nature of a consent decree (collectively, "Consent Decree") with the U.S. District Court for the District of Columbia.<sup>11</sup> Based on the Consent Decree and effective as of September 12, 2011, the Federal Trade Commission announced early termination of the antitrust review of the proposed transaction.<sup>12</sup> As set forth in the Consent Decree, DOJ stated that it would not oppose the merger of CMI and Citadel if the companies divested three stations -- WCAT-FM, Carlisle, Pennsylvania; WWKL(FM), Palmyra, Pennsylvania; and WRSR(FM), Owosso,

<sup>10</sup> See 15 U.S.C. § 18.

<sup>11</sup> (Proposed) Final Judgment, Complaint, Competition Impact Statement, and Preservation of Assets Stipulation and Order, *United States v. Cumulus Media, Inc. and Citadel Broadcasting Corporation*, No. 1:11-cv-01619 (filed Sept. 8, 2011). We refer to the (Proposed) Final Judgment, Complaint, Competition Impact Statement, and Preservation of Assets Stipulation and Order collectively as the "Consent Decree" herein in order to have a clear and simple definition of the DOJ documents.

<sup>12</sup> See <http://www.fcc.gov/bc/earlyterm/index.html>.

Michigan -- to an independent third party or parties. To that end, the Consent Decree requires the Applicants to file an application with the Commission to assign the license of one of those stations, WRSR(FM), to Potential Broadcasting, LLC (“Potential Broadcasting”), as Trustee of the PB Divestiture Trust. Edward N. Esserman is the sole member of Potential Broadcasting. Because, as described above, the Applicants have applied for the licenses of the other two stations (WCAT-FM and WWKL(FM)) to be assigned to Volt in order to comply with the Commission’s multiple ownership radio rule, for those stations, the Consent Decree requires that applications be filed to allow Volt to assign the licenses to Potential Broadcasting. The Consent Decree also requires that Potential Broadcasting be permitted to provide programming to the stations pursuant to time brokerage agreements until the station licenses are assigned to it.

4. For the reasons stated below, we grant the Applications and the Trust Applications, subject to the condition that CLL, Susquehanna Radio Corp., CMP KC Licensing, LLC, and Radio License Holding CBC, LLC, divest the 14 radio station licenses specified in the Trust Applications to the insulated trust prior to or simultaneously with the consummation of the Applications.

5. Finally, we note that, prior to the consummation of the proposed transaction, it is possible that license renewal applications will need to be filed for certain stations that are the subject of this transaction in several jurisdictions. Commission policy permits the processing of multi-station, multi-market transfer of control applications that involve a subset of stations with pending renewal applications if: (1) there are no basic qualifications issues outstanding with respect to the transferor and transferee; and (2) the transferee explicitly agrees to stand in the shoes of the transferor in any renewal proceeding that is pending at the time of consummation of the transfer of control.<sup>13</sup> The transferees have agreed to succeed to the transferors’ position with respect to any future renewal proceeding consistent with the procedures set forth in *Shareholders of CBS Corporation*.<sup>14</sup>

6. Additionally, two stations with currently pending license renewal applications, WJXY-FM, Conway, South Carolina, and WXJY(FM), Georgetown, South Carolina,<sup>15</sup> are being assigned to Volt. In cases involving the assignment, as opposed to transfer, of a broadcast station’s license while the station’s license renewal is pending, the Commission has stated that, so long there is no question as to the assignor’s basic qualifications, this situation is not analogous to those in which the Commission first resolves a challenge to the licensee’s qualifications before acting on an application for assignment. Until determination of the future use of the WJXY-FM and WXJY(FM) frequencies, all that is assignable is the right to continue operation of those stations pending action upon their license renewal applications, but that much is assignable.<sup>16</sup>

---

<sup>13</sup> See, e.g., *Shareholders of CBS Corporation*, Memorandum Opinion and Order on Reconsideration, 16 FCC Rcd 16072, 16072-73 (2001) (Commission will grant transfer of control applications during the pendency of renewal applications so long as there are no basic qualification issues pending against either the transferor or the transferee that could not be resolved in the context of the transfer proceeding, and the transferee “explicitly assents to standing in the stead of the transferor in the renewal proceeding”).

The applications currently are unopposed, although petitions to deny may be filed until November 1, 2011.<sup>17</sup> In an amendment filed on August 31, 2011, the assignee of WJXY-FM and WXJY(FM), Susquehanna Radio Corp., explicitly agreed to succeed to the assignor's position with respect to any pending or future renewal proceeding consistent with these procedures.<sup>18</sup>

## II. PUBLIC INTEREST ANALYSIS

7. Section 310(d) of the Act provides that no station license shall be transferred or assigned until the Commission, upon application, determines that the public interest, convenience, and necessity will be served thereby.<sup>19</sup> In making this assessment, the Commission must first determine whether the proposed transaction would comply with the specific provisions of the Act, other applicable statutes, and the Rules.<sup>20</sup> If the transaction would not violate a statute or rule, the Commission considers whether it could result in public interest harms by substantially frustrating or impairing the objectives or implementation of the Act or related statutes.<sup>21</sup> The Commission then employs a balancing process, weighing any potential public interest harms of the proposed transaction against any potential public interest benefits.<sup>22</sup> The applicants bear the burden of proving, by a preponderance of the evidence, that the proposed transaction, on balance, would serve the public interest.<sup>23</sup> If the Commission is unable to find that the proposed

transaction serves the public interest, or if the record presents a substantial and material question of fact, Section 309(e) of the Act requires that the applications be designated for hearing.<sup>24</sup>

8. CMI is a publicly-traded company in which Chief Executive Officer Lewis W. Dickey, Jr., Executive Vice President John W. Dickey, and their father Lewis W. Dickey, Sr., collectively hold approximately 50.6% of the outstanding voting power of CMI's common stock. CMI is the second-largest radio broadcaster in the United States based on station count, controlling approximately 339 radio stations (92 AM, 247 FM) in 68 media markets. Historically, CMI states that its strategic focus has been on mid-sized markets throughout the United States, although 23 of these radio stations operate in the top-10 rated Arbitron markets.<sup>25</sup>

9. Citadel is also publicly-traded and the third-largest radio broadcasting company in the United States. No individual holder owns more than 4.99% of the outstanding common stock. As of December 31, 2010, Citadel owned and operated 228 radio stations (62 AM, 166 FM) located in over 50 media markets. Seventeen of these radio stations operate in the top-10 rated Arbitron markets.<sup>26</sup>

10. CMI and Citadel have entered into an agreement contemplating a merger transaction by which CMI would acquire Citadel's radio stations in exchange for cash or stock<sup>27</sup> (or a combination of both) to be distributed to Citadel's current shareholders for each share of Citadel stock. After the merger and transfer of control, CMI will remain a publicly-traded company whose stock will be held as follows: (a) the current holders of CMI stock will control less than 50% of the CMI voting stock; and (b) the former holders of Citadel stock and warrants, Crestview, the Macquarie Investors, and the UBS Investors, collectively, will hold a sufficient number of shares to control more than 50% of the voting stock of CMI. The precise amount of CMI stock to be distributed to Crestview, the Macquarie and UBS Investors will be determined shortly before consummation of the proposed merger.

11. The proposed transaction will be accomplished as follows: The first step involves transferring the stock of the Citadel Subsidiaries from Citadel to the entity formed by the merger of Cadet, a wholly-owned subsidiary of CMHI, with and into Citadel. The second step involves the merger of the surviving Citadel into CMHI, a wholly-owned subsidiary of CMI. The third step involves the distribution of the stock of CMI not held by Citadel or CMI investors to new investors. In that third step, the new investors<sup>28</sup> along with the former holders of Citadel

<sup>27</sup> The Class A Common Stock of CMI, which includes voting rights, is publicly-traded and is held by, among others, various investment companies, insurance companies, or other institutional investors. CMI states that to its knowledge, all of the institutional investors hold less than 20% of CMI's Class A Common Stock, and none of them has any influence, either directly or indirectly, over the management or operation of CMI or the CMI Subsidiaries. All of the Class C Common Stock of CMI, which is not publicly traded, is held by Lewis W. Dickey, Jr. Each share of Class C Common Stock has 10 votes. *See, e.g.,* File No. BTC-20110330ALU, as amended on July 21, 2011, at Section IV, Question 6, Exhibit 16, p. 6, n.1.

<sup>28</sup> In addition to the holders of Citadel Common Stock and Citadel warrants, shares of CMI Class A Common Stock will be distributed to the following new investors: (1) Crestview based upon its investment of between \$225 million and \$250 million; (2) MIHI will acquire warrants for CMI Class B Common Stock  
(continued . . .)

shares and warrants<sup>29</sup> will acquire more than a 50% interest in CMI.<sup>30</sup> Accordingly, the proposed merger involves a “substantial change in ownership” of the Citadel and CMI Subsidiaries’

or Preferred Stock (neither of which has voting rights) in exchange for \$80 million and be entitled to syndicate to the third party Macquarie Investors up to \$45 million of CMI Class A Common Stock; and (3) UBS will be entitled to syndicate to the third party UBS Investors up to \$125 million of CMI Class A Common Stock. MIHI cannot acquire CMI Class A or Class B Common Stock in its own name; it can only acquire warrants for non-voting Class B Common Stock or non-voting Preferred Stock. UBS can only acquire warrants for Class B Common Stock in its own name. In no event will the Macquarie or UBS Investors be allowed to receive more than 4.99% of CMI Class A Common Stock, and investors who are not United States Citizens will be entitled to acquire only warrants for non-voting CMI Class B Common Stock. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section II, Question 4, Exhibit 6, pp. 2-3 and nn.3-4.

<sup>29</sup> Because no current Citadel stockholders hold more than 4.99% of Citadel’s Class A Common Stock, and because Citadel’s holdings in CMI will be diluted by the addition of the Crestview, MIHI, and UBS investors, there is no expectation, to CMI’s knowledge, that any holder of Citadel voting stock will hold more than 4.99% of CMI’s Class A Common Stock. Under the Merger Agreement, Citadel stockholders and warrant holders holding Citadel non-voting Class B Common Stock can elect to acquire CMI’s Class A Common Stock. The parties indicate that there is no way to determine whether the holders of Class B Common Stock or holders of warrants for Class B Common Stock will elect to acquire shares of CMI Class A Common Stock that would exceed 4.99% in any one instance. However, the Merger Agreement entitles CMI to limit or withhold the distribution of Class A Common Stock if it would place CMI or any stockholder in violation of any Commission rule or policy. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section II, Question 4, Exhibit 6, p. 2 at n.2.

<sup>30</sup> As noted earlier, the precise amount of stock to be distributed to new investors will not be known until sometime shortly before consummation of the proposed merger. For illustrative purposes, the parties provide a percentage range of voting interest shares that can be distributed (with the actual distribution of shares and warrants depending on the individual shareholder’s cash/stock elections). Under a “maximum cash” plan, CMI voting interest shares will be owned: (1) 18.7% by CMI (Dickey Family (as defined in ¶ 12 *infra*) 9.4%; Bank of America 0.7%; all others 8.1%; dilutive shares (options and warrants) 0.4%); (2) 1.5% by CMP (this percentage will be distributed prior to closing to Blackstone, in conjunction with the consummation of the transfer of control of CMP to CMI); (3) 41.1% by Citadel (of which only 3.6% is Class A Common Stock); (4) 25.8% by Crestview; (5) 0.0% by Macquarie Investors (investment is in “preferreds” which is not reflected in total shares); and (6) 12.9% by UBS Investors. Additionally, Bank of America would receive 100% of the outstanding Class B non-voting stock, the Dickey Family would receive 100% of the outstanding shares of Class C Common Stock (entitled to 10 votes per share), and Bain and Lee each would receive 50% of Class D non-voting stock (a new class of non-voting shares issued as part of the CMP acquisition). The Dickey Family also would receive 10.8% of the outstanding warrants specifically to acquire shares of CMP Susquehanna Radio Holdings, Corp., a CMP subsidiary. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section II, Question 4, Exhibit 6, at Attachment B, “Pro Forma Ownership: Max Cash -- \$30.00/\$7.00.”

The parties also provide a “maximum equity” plan with the following distribution (with the actual distribution of shares and warrants depending on the individual shareholder’s cash/stock elections) under an alternate plan, pursuant to which CMI voting interest shares will be owned: (1) 13.8% by CMI (Dickey Family 7.0%; Bank of America 0.6%; all others 6.0%; dilutive shares (options and warrants) 0.3%); (2) 1.1% by CMP (this percentage will be distributed prior to closing to Blackstone, in conjunction with the consummation of the transfer of control of CMP to CMI); (3) 54.9% by Citadel (of which only 4.8% is Class A Common Stock); (4) 17.2% by Crestview; (5) 3.4% by Macquarie Investors (investment is in “preferreds” which is not reflected in total shares); and (6) 9.5% by UBS Investors. Additionally, the distribution of Class B non-voting stock, Class C Common Stock, and Class D non-voting stock is the same as above. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section IV, Question 6, Exhibit 16 at n.6 and at pp. 21-23, nn.26-33.

broadcasting stations.<sup>31</sup> It therefore requires “long-form” transfers of control of both groups of radio stations.

12. Upon consummation of the proposed transaction, no individual stockholder will hold 50% or more of the votes of CMI stock, regardless of the elections made by Citadel stockholders and warrant holders. CMI’s Board of Directors (the “Board”) will consist of its existing five members and two additional Crestview representatives appointed by the existing board. However, certain parties – *i.e.*, members and affiliates of the Dickey family, including DBBC, L.L.C. (collectively, the “Dickey Family”), BA Capital Company, L.P. (“BACC”) and Banc of America Capital Investors SBIC, L.P. (“BACI,” with BACC, referred to collectively as the “BofA Entities”), Crestview and Blackstone – have entered into a letter agreement to negotiate a “Stockholders Agreement” at closing to address, *inter alia*, the nomination of candidates for members of the Board who may be elected at future stockholder meetings. The parties to the proposed Stockholders Agreement collectively will control less than 50% of the CMI stockholder votes.<sup>32</sup> It is contemplated that the Stockholders Agreement will establish a procedure for those parties to nominate a slate of director candidates to be presented at such stockholder meetings. The slate of nominees would consist of two candidates selected by Crestview and one each by the Dickey Family, Blackstone, and the BofA Entities.<sup>33</sup> The other director candidates would be the current two independent directors (or their successors). The right of Crestview, the Dickey Family, Blackstone, and the BofA Entities to select candidates to be on the slate of director nominees would be subject to each of them continuing to own a certain percentage of CMI Class A Common Stock.<sup>34</sup> With respect to the BofA Entities, the parties aver that no person nominated by the BofA Entities to be a CMI director will be an employee or agent

<sup>31</sup> 47 U.S.C. § 309(c)(2)(B); *see Reading Broadcasting, Inc.*, Decision, 17 FCC Rcd 14001, 14017 ¶ 44 (2002).

<sup>32</sup> We note, however, that Crestview, Blackstone, the BofA Entities and the Dickey Family have agreed to vote, either in person or by proxy at any meeting in which directors are to be elected, in favor of the director candidates nominated by the Board. *See, e.g.*, File No. BTC-20110330ALU, Exhibit J at Attachment 7, “Letter Agreement” at Exhibit A ¶ 2. Thus, we find that, although these parties will not be able to collectively dictate who will sit on the Board, they do possess sizeable voting power as a group, perhaps more than 30%, collectively. *See n. 30 supra*.

<sup>33</sup> The parties state that the Blackstone entity that will be a party to the Stockholders Agreement and thus will control the director nomination rights to be held by Blackstone is BFCCP. The parties note that the limited partners of BFCCP have been insulated from attribution in accordance with the Commission’s rules and thus will have 0% voting interest while holding a 99% equity interest. In addition, the parties state that BCMA FCC, LLC (“BCMA”) is the general partner of BFCCP and that BCMA will control the voting rights of CMI stock and the Board nomination rights of BFCCP. BFCCP and BCMA are under the sole control of Stephen A. Schwarzman. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section IV, Question 6, Exhibit 16 at n.6 and at pp. 21-23, nn.26-33.

The rights of BFCCP and Blackstone to select a candidate to be on the slate of Board nominees will cease upon the earlier of: (a) the day immediately following the date directors elected at the third annual meeting of CMI stockholders held following January 31, 2010, commence their terms; and (b) such time as Blackstone ceases to beneficially own at least one-half of the number of shares of CMI Class A Common Stock it receives at the closing of CMI’s acquisition of CMP. *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section IV, Question 6, Exhibit 16, p. 8; *see also, e.g.*, File No. BTC-20110330ALU, Exhibit J at Attachment 7, “Letter Agreement” at Exhibit A ¶ 3.

<sup>34</sup> *See, e.g.*, File No. BTC-20110330ALU, as amended on July 21, 2011, at Section IV, Question 6, Exhibit 16, p. 8; *see also, e.g.*, File No. BTC-20110330ALU, Exhibit J at Attachment 7, “Letter Agreement” at Exhibit A ¶ 3.

of the BofA Entities without prior notice to the Commission. We will impose a condition on our grant of the Applications prohibiting the BofA Entities from nominating an employee or agent of the BofA Entities to the Board. With that condition, the BofA Entities will retain non-attributable status with respect to CMI's media interests under the Commission's multiple ownership rule.<sup>35</sup>

13. After the merger and divestiture, the new shareholders of CMI will hold equity in the licensees of its radio stations through several subsidiaries: (a) the CMI Subsidiaries, which will continue to own and operate 328 radio stations in 68 Arbitron markets; and (b) the former Citadel Subsidiaries, now CMI Subsidiaries, which will continue to own and operate 225 radio stations in 50 Arbitron markets.

14. *Free Press Comments.* The Applications are unopposed, but are the subject of Comments filed on May 13, 2011, by Free Press. Free Press does not request that the Commission deny the transaction and acknowledges that CMI is not seeking a waiver of any Commission rule or policy and that the proposed transaction is otherwise in compliance with the Commission's local radio ownership policy.<sup>36</sup> Nevertheless, Free Press asks that the Commission "not measure this merger based on mere compliance with the FCC's media ownership limits . . . [I]t must closely scrutinize the proposed transaction and demand evidence of specific public interests benefits as required by the . . . Act."<sup>37</sup> In response, CMI and Citadel each argue separately that Free Press' Comments do not purport or attempt to comply with the petition to deny requirements of Section 309(d)(1) of the Act and that the Applications should be granted.<sup>38</sup> In addition, CMI and Citadel also reject Free Press' assertion that the Applications should be required to meet a standard other than compliance with existing law and regulation.<sup>39</sup> Finally, CMI contends that the Commission has repeatedly affirmed the reasonableness of the ownership limits in the local radio ownership rule in advancing the public interest; Citadel argues that compliance with the Act and the Rules is the measure of whether the public interest would be appropriately served by grant.<sup>40</sup>

15. We find that Section 310(d) of the Act, as implemented by the processing procedures described in Paragraph 7 above, provides the appropriate standard of review for transfer and assignment cases.<sup>41</sup> In particular and as noted above, Section 310(d) requires that applicants show that the proposed transaction would serve the public interest. Although Free Press does not contest the grant of the Applications, the public interest concerns addressed in Free Press' Comments are noted and discussed below.

<sup>41</sup> See, e.g., *Applications for Consent to the Assignment and/or Transfer of Control of Licenses, Adelphia Communications Corporation*, Memorandum Opinion and Order, 21 FCC Rcd 8203, 8217 (2006).

16. *Local Radio Ownership Rule Concerns.* The CMI Subsidiaries and Citadel are direct competitors in very few markets. As a result, only six stations in four markets will be divested due to radio market overlap.<sup>42</sup> As structured here and conditioned below, the proposed transaction complies with our local radio ownership rule, Section 73.3555(a)(1). In addition, the proposed transfer of control of CMI and Citadel to the new stockholders of CMI will terminate the licensees' ability to maintain certain grandfathered ownership interests that do not comply with the Commission's current multiple radio ownership rules.<sup>43</sup> Eight stations in seven markets are impacted by the loss of grandfathered status. To resolve this issue, CMI and Citadel have filed the Trust Applications to divest their attributable interests in the following radio markets: (a) one FM station in the Kansas City, Missouri, radio market;<sup>44</sup> (b) one AM station in the Montgomery, Alabama, radio market;<sup>45</sup> (c) one FM station in the Fayetteville, Arkansas, radio market;<sup>46</sup> (d) one FM station in the Macon, Georgia, radio market;<sup>47</sup> (e) one FM station in the Savannah, Georgia, radio market;<sup>48</sup> (f) one AM station in the Columbus-Starkville-West Point, Mississippi, radio market;<sup>49</sup> and (g) two FM stations in the Myrtle Beach, South Carolina, radio market.<sup>50</sup> The proposed assignee in all cases is Volt as Trustee of the RLH Divestiture Trust. As a result of the assignment of these stations to Volt in its capacity as trustee, CMI will not hold grandfathered interests that exceed the local radio ownership limits.<sup>51</sup> Thus, approval of the Trust Applications herein and compliance with the conditions set forth in this Order will resolve all issues of compliance with the local radio ownership rule by CMI.<sup>52</sup>

---

<sup>42</sup> The combined ownership interests of CMI and Citadel present an issue under 47 C.F.R. § 73.3555(a)(1) in four Arbitron markets: New York City, New York; Dallas-Ft. Worth, Texas; Nashville, Tennessee; and Harrisburg-Lebanon-Carlisle, Pennsylvania. To comply with that rule, the parties propose to divest the following stations to trusts: WELJ(FM) in the New York City, New York market; KKL(FM) in the Dallas-Ft. Worth, Texas market; WRQQ(FM) and WNFN(FM) in the Nashville, Tennessee market; and WCAT-FM and WWKL(FM) in the Harrisburg-Lebanon-Carlisle, Pennsylvania market.

<sup>43</sup> *2002 Biennial Regulatory Review*, 18 FCC Rcd at 13809-1 ¶ 487 (“Grandfathered combinations, by definition, exceed the numerical limits that we find promote the public interest as related to competition. . . . Unlike our decision not to require existing station owners to divest stations, here, the threat to competition is not outweighed by countervailing considerations. Buyers will be on notice that ownership combinations must comply [with the new ownership rules] at the time of acquisition of the stations”); *see* 47 C.F.R. § 73.3555, Note 4 (the multiple ownership rules will apply to all applications for assignment or transfer).

<sup>44</sup> Station KMJK-FM, North Kansas City, Missouri.

<sup>45</sup> Station WNZZ(AM), Montgomery, Alabama.

<sup>46</sup> Station KYNF(FM), Prairie Grove, Arkansas

<sup>47</sup> Station WROK-FM, Macon, Georgia.

<sup>48</sup> Station WTYB(FM), Bluffton, South Carolina.

<sup>49</sup> Station WKOR(AM), Starkville, Mississippi.

<sup>50</sup> Stations WJXY-FM, Conway, South Carolina and WXJY(FM), Georgetown, South Carolina.

<sup>51</sup> *See* n. 42 *supra* (listing the stations being placed in the same divestiture trust to comply with the radio ownership rule).

<sup>52</sup> As described above, the Applicants have entered into a Consent Decree with DOJ that provides that two of the stations that are being assigned to Volt (WCAT-FM, Carlisle, Pennsylvania, and WWKL(FM), Palmyra, Pennsylvania) should be assigned to a different divestiture trustee, Potential Broadcasting, and that Potential Broadcasting will provide programming for these stations pursuant to time brokerage agreements until those assignments are complete. *See* ¶ 3 *supra*. Without prejudging the qualifications of Potential Broadcasting, we find that in these circumstances, Volt's compliance with these terms of the Consent Decree does not violate its duty to operate the stations until it can sell them to an independent third-party or third-parties.

17. *Other Public Interest Issues.* We conclude that the applicants are fully qualified and that grant of the transfer of control of the Citadel broadcast stations to the Transferees, subject to the conditions set forth in this Order, will serve the public interest, convenience, and necessity. We have reviewed the Applications, the Trust Applications, and related pleadings and conclude that grant of the applications as conditioned herein will comply with the Act and the Rules. We also conclude that the proposed transaction as conditioned herein will not be anticompetitive. As stated above, there is very little overlap between the radio markets in which the Citadel and CMI Subsidiaries stations operate. After considering the divestiture conditions being imposed here to improve competition in certain radio markets and the divestiture of the additional station being required by the DOJ, we find no evidence in the record that the proposed transaction will harm competition in any radio market. In fact, the merger will improve competition in a number of local markets by requiring CMI and Citadel to divest certain grandfathered ownership interests that exceed the ownership limits adopted in the *2002 Biennial Regulatory Review*, as set forth in Section 73.3555(a)(1) of the Rules.<sup>53</sup> We conclude that the merger's structural changes provide a sufficient basis to make the requisite public interest finding. However, we also note that CMI identifies other public interest benefits that would result from the merger, including additional funding for programming to better serve local audiences and increased investment in digital radio equipment.<sup>54</sup> We agree that such benefits, when implemented, will augment the public interest benefits of the proposed transaction. Thus, based on the record before us, we believe that granting consent to the proposed transaction, subject to the conditions imposed here, will serve the public interest.

18. To ensure compliance with the local radio ownership rule, we will impose a condition requiring that CMI's and Citadel's divestiture of the 14 stations to Volt pursuant to the Trust Applications occur prior to or simultaneously with the consummation of CMI transfer of control. Volt is encouraged to take reasonable steps to market the trust stations to businesses owned by women and minorities, and it is required to take commercially reasonable efforts to effectuate a sale of the stations without delay.<sup>55</sup> If Volt has not submitted complete assignment of license applications for the sale of the stations within six months of the consummation date, it must provide the Commission with a detailed explanation of its efforts to sell the stations in the confidential report referenced in Section 4(g) of the Trust Agreements submitted with the Trust Applications. Subject to the conditions discussed herein, we find that the proposed merger transaction complies with the Act and the Rules and serves the public interest, convenience, and necessity. Accordingly, we grant the Applications and the Trust Applications.

### III. CONCLUSION

19. We have reviewed the proposed merger, the applications for its approval, and related comments. We conclude that the applicants are fully qualified and that grant of the

<sup>55</sup> As explained above, we provide an exception for the two stations that the Consent Decree provides will be assigned to Potential Broadcasting. Also, the Trust Agreements provide that CMI or Citadel may re-acquire one or more stations in trust if the Trustee determines there has been a change in circumstances that permits such ownership under applicable Commission rules and policies. We find that this provision does not violate Section 73.1150 of our Rules because it is based on the Trustee's independent assessment and decision. See 47 C.F.R. § 73.1150.

#### IV. ORDERING CLAUSES

20. Accordingly, IT IS ORDERED, pursuant to sections 4(i), 4(j), 309, and 310(d) of the Communications Act of 1934, as amended, 47 U.S.C. §§ 154(i), 154(j), 309, 310(d), that the applications for consent to the transfers of control of Citadel Broadcasting Corporation and of Radio License Holding CBC, LLC, Radio License Holding I, LLC, Radio License Holding II, LLC, Radio License Holding III, LLC, Radio License Holding IV, LLC, Radio License Holding V, LLC, Radio License Holding VI, LLC, Radio License Holding VII, LLC, Radio License Holding VIII, LLC, Radio License Holding IX, LLC, Radio License Holding X, LLC, Radio License Holding XI, LLC and Radio License Holding XII, LLC, and of Cumulus Media, Inc., and of Cumulus Licensing, LLC, Susquehanna Radio Corp., CMP KC Licensing, Inc., KPLX LICO, Inc., and KLIF LICO, Inc., and for consent to the assignment of licenses from Citadel Broadcasting Corporation and Cumulus Media, Inc., to Volt Radio, LLC, listed in the Appendix, or as otherwise listed previously in the Commission's public notices, ARE GRANTED, SUBJECT TO THE FOLLOWING CONDITIONS:

(1) The transfer of control of Citadel Broadcasting Corporation and Cumulus Media, Inc., shall take place subsequent to and/or simultaneously with the complete consummation of the assignment of licenses for the radio stations specified in the applications for consent to assignment of licenses from Citadel Broadcasting Corporation and Cumulus Media, Inc. to Volt Radio, LLC (FCC File Numbers BALH-20110331AID, *et al.*, BAL-20110331AJP, *et al.*, BALH-20110331AJZ, and BAL-20110331AKA);

(2) Cumulus Licensing LLC shall file a complete application to assign the license for WRSR(FM), Owosso, MI (Facility ID No. 41681), to a divestiture trustee within thirty days of the consummation date described in the preceding condition;

(3) Should BA Capital Company, L.P. and/or Banc of America Capital Investors SBIC, L.P. (collectively, "BofA Entities") choose to exercise their right to nominate new members to the board of directors of Cumulus Media, Inc., we require that such persons not be BofA Entities' employees or agents but persons who would reasonably be expected to act independently of the BofA Entities in all future Cumulus Media, Inc. matters; and

(4) In the cases of WJXY-FM, Conway, South Carolina and WXJY(FM), Georgetown, South Carolina, our consent herein granted goes only to the assignment of those stations' continuing authorization to operate, pursuant to 47 U.S.C. Section 307(c)(3) during the pendency of their applications for license renewal (File Nos. BRH-20110801APH and BRH-20110801APN, respectively).

21. IT IS FURTHER ORDERED THAT, in the event that Volt Radio, LLC, has not submitted a complete application for the sale of each radio station that it holds in trust within six months of the acquisition of such station from Citadel Broadcasting Corporation and Cumulus Media, Inc., it shall provide the Commission with a copy of each confidential report referenced in Section 4(g) of the Trust Agreements filed with the assignment of license applications described in Condition (1) in the preceding paragraph.

22. IT IS FURTHER ORDERED THAT copies of this *Memorandum Opinion and Order* shall be sent, by First Class and Certified Mail, to Free Press, 501 Third Street, N.W., Suite 875, Washington, DC 20001, to Citadel Broadcasting Corporation, 7201 West Lake Mead Boulevard, Las Vegas, NV 89128, and its counsel, Nancy A. Ory, Esq., Lerman Senter PLLC, Suite 600, 2000 K Street, N.W., Washington, DC 20006-1809, to Cumulus Media, Inc., 3280 Peachtree Road, N.W., Suite 2300, Atlanta, GA 30305, and its counsel, Lewis J. Paper, Esq., Dickstein Shapiro, LLP, 1825 Eye Street, N.W., Washington, DC 20006-5403, and to Volt Radio, LLC, One Aviation Lane, Suite 8, Greenville, SC 29607, and its counsel, Erika B. Newsom, Esq., Smith Moore Leatherwood, LLP, 300 East McBee Avenue, Suite 500, Greenville, SC 29601.
