 - Moving channels between counties or within buffer zones
 - Elimination of obsolete appendices
 - Updated language for Plan
 - Consistency with Region 21 800 NPSAC Plan Revision
 - Writing Subcommittee
 - Other
- Old business: Filing for relief from Canadian TV station which was never constructed
- New business
- Establish next meeting date
- Adjournment

Both Region 21 Public Safety RPC meetings are open to the public. All eligible public safety providers in Region 21 may utilize these frequencies. It is essential that eligible public safety agencies in all areas of government, including state, municipality, county, and Native American Tribal be represented in order to ensure that each agency's future spectrum needs are considered in the allocation process. Administrators who are not oriented in the communications field should delegate someone with this knowledge to attend, participate, and represent their agency's needs.

All interested parties wishing to participate in planning for the use of public safety spectrum in the 700 and 800 MHz bands within Region 21 should plan to attend. For further information, please contact:
