NOTICE OF PROPOSED RULE MAKING

Adopted: October 12, 2011

Released: October 14, 2011

Comment Date: December 5, 2011

Reply Date: December 20, 2011

By the Assistant Chief, Audio Division, Media Bureau:

1. The Audio Division has before it a Petition for Rule Making filed by Threshold Communications (“Petitioner”), winning bidder in Auction No. 91 for a new construction permit on FM Channel 290A at Butte Falls, Oregon. Petitioner proposes to substitute FM Channel 235C1 for vacant FM Channel 249C1 at Altamont, Oregon, in order to facilitate a minor modification to the Butte Falls allotment, which Petitioner proposes to move to Channel 249A.¹ We seek comment on Petitioner’s proposal.

2. Our independent engineering analysis indicates that Channel 235C1 can be substituted for vacant Channel 249C1 at Altamont, consistent with the minimum distance separation requirements of the Commission’s rules.² The allotment change requested could serve the public interest by preserving a potential Class C1 FM service at Altamont, while allowing the channel substitution proposed for the Butte Falls allotment.

3. While the substitution of Channel 235C1 for vacant Channel 249C1 at Altamont is technically feasible, the proposed change will result in a potential net loss of 57,827 persons. This loss would result from the use of different reference coordinates than those currently shown for vacant Channel 249C1.³ We do not generally consider the issue of gains and losses of area and population in the context of same-class channel substitutions for vacant FM channels; nonetheless, in light of the substantial loss in potential population coverage that would result from adoption of the proposal, we request that Petitioner “address the impact of a net loss in service on the overall public interest benefits of its hybrid application-rulemaking proposal.”⁴

¹ See File No. BNPB-20110630AHK.

² The reference coordinates proposed for Channel 235C1 at Altamont, Oregon, are 42-07-04 NL and 121-21-50 WL, at a site 32.3 km (20.1 miles) east of Altamont.

³ The reference coordinates for vacant FM Channel 249C1 at Altamont, Oregon, are 42-05-36 NL and 121-59-35 WL.

4. Petitioner's proposal warrants consideration. We therefore will solicit comments on the proposed amendment to the FM Table of Allotments, Section 73.202(b) of the Rules, with respect to Altamont, Oregon:
