FCC INVITES APPLICANTS TO CONDUCT NATIONAL OUTREACH FOR THE NATIONAL DEAF-BLIND EQUIPMENT DISTRIBUTION PROGRAM

Washington, D.C. – The Federal Communications Commission (“Commission”) announces that it will accept applications to conduct national outreach efforts related to the National Deaf-Blind Equipment Distribution Program (“NDBEDP”). Applications will be accepted until December 20, 2011.

The Consumer and Governmental Affairs Bureau (“CGB”) invites applications for this national outreach effort, particularly from entities that have significant experience with and expertise in conducting outreach and working with members of the deaf-blind community. In the NDBEDP Report and Order, the Commission acknowledged the “need to conduct outreach through a wide range of systems and using methods that address the language, communication, cultural, and experiential diversity of deaf-blind individuals.” As described further in that Report and Order, the Commission will set aside $500,000 for this national outreach effort during each year of the NDBEDP pilot program to support and supplement the outreach efforts of state-level certified programs. The NDBEDP pilot program will run for two years, with an option for the Commission to extend the program for another year. The Commission is committed to starting the pilot program by July 1, 2012.

Funding for the NDBEDP and this national outreach effort is provided by the Interstate Telecommunications Relay Service Fund (“TRS Fund”). The NDBEDP Administrator, a Commission official to be designated by CGB, will be responsible for overseeing this national outreach effort and will work in collaboration with the TRS Fund Administrator. The TRS Fund Administrator, as directed by the NDBEDP Administrator, will review cost submissions and release funds for this national outreach effort, and will collect and provide data to the Commission and the NDBEDP Administrator.

Applications to conduct this national outreach effort for the NDBEDP may include, for example, the following information:

- The applicant’s name and contact information, project overview, and funding amount requested.
- Population(s) to be served.
